Let's All Cooperate . . .

Your Brotherhood Publishing House cooperates with and supports those agencies or causes that report to our International and State Conventions—because these Missionary, Benevolent and Christian Educational Agencies represent the organized cooperative work of our people.

And while in the publications that pour from the speeding presses of this great institution of yours, the teaching of the Word of God of course is always paramount, these same publications clearly point out how these cooperative agencies of our people are translating the Teachings of the Scriptures into action around the world.

TODAY

1. *The Christian-Evangelist is being read by thousands of new readers both in civilian life and in the Armed Forces—*
2. *Hearthstone is going into over 50,000 of our Christian church families and to the men and women in service—*
3. *Christian Youth Fellowship is advancing rapidly on the wings of the new Christian Youth FELLOWSHIP quarterly—*
4. *Christian Worship, the new hymnal is going into its third printing—*
5. *Recent new books by and for Disciples are portraying the position of our people in the postwar world—*
6. *New Bethany Graded Lessons and Improved Uniform Lessons are enabling thousands of church schools to improve their programs of Christian teaching—*
7. *Bethany Sunday school papers are bringing to children for the first time stories from the Bible in popular "Comic Strip" style—*
8. *The Bethany Church School Guide is pointing the way to effective and progressive church school administration—*
9. *The Bethany Book Club is enabling thousands of our ministers and laymen to read more.*

Are these products which are a part of the cooperative program of our Brotherhood a part of the program and equipment of your church and your church school?

Stop—think—act. Send for copy of catalog and booklet entitled "The Light of Effective Christian Teaching." Obtain and use cooperative literature throughout your school.

Foreword

The Year Book Publication Committee submits herewith the 1943 edition of the Year Book of Disciples of Christ. This Year Book of Disciples of Christ and the organizations officially affiliated with the International Convention contains reports for the year ending June 30, 1943, except where otherwise noted. The Year Book represents one of the outstanding cooperative enterprises of the brotherhood, for participating in its publication are national secretaries, state and provincial secretaries, ministers and local church clerks, and representatives of Bible schools and missionary organizations in the local church. Through the cooperation of these persons it is possible to make available to the brotherhood this Year Book which contains such a wealth of information regarding brotherhood activities.

The Year Book is divided into two sections:

1. Annual Report Section
2. Year Book Section

Annual Report Section

There are carried in the Annual Report Section the annual reports of the following organizations which are affiliated with the International Convention of Disciples of Christ, or are reporting thereto, as follows:

The United Christian Missionary Society
Pension Fund of Disciples of Christ
Board of Church Extension of Disciples of Christ
National Benevolent Association of the Christian Church
Association for the Promotion of Christian Unity
Board of Higher Education of Disciples of Christ
National Association of State Secretaries
National City Christian Church Corporation
Commission on Budgets and Promotional Relationships
Commission on a Restudy of Disciples of Christ
Unified Promotion of Disciples of Christ

The reports of the All-Canada Committee, *World Call*, and the Treasurer of the International Convention of Disciples of Christ are also found in the Annual Report Section.

Year Book Section

The "Statistical Tables" arranged by states and counties, which give a complete record of each church shown according to the information furnished to the Year Book Publication Committee, are found in this section. The directories of the various brotherhood organizations and agencies are also shown. The "List of Ministers," which shows the names of ministers arranged alphabetically with their address according to the records obtained at the time the Year Book went to press, is also included in the Year Book Section.

For this edition of the Year Book only, an extra column is shown in the "Statistical Tables," headed "Emergency Million Gifts" in which are reported to the credit of each church shown, the total amount of contributions made by individuals in such church to the Emergency Million Movement. The figures shown represent cash received and do not include any unpaid Emergency Million pledges.

General Statement

Again the Year Book Publication Committee desires to express its gratitude to national, state and district workers and to the ministers and local church workers for their help in gathering the necessary Year Book statistics contained in this volume. With a shortage of help and an entirely new force this year it will not be surprising if some errors may have crept in, but it will be appreciated if such errors are immediately brought to the attention of the Year Book Publication Committee.

Distribution

As was the case last year the price of the 1943 Year Book to all purchasers will be 75 cents per copy for paper-bound copies, and \$1.25 per copy for cloth-bound copies. Budget limitations do not permit complimentary distribution to the churches.

During the past two or three years the stock of the current Year Book has been exhausted before the succeeding Year Book came from press which indicates a growing appreciation on the part of the brotherhood of the Year Book as issued. This fact should prompt all concerned to promptly place their order for the 1943 Year Book for their own personal library and also to see that their church libraries contain this invaluable reference volume.

Executive Statement

Robert M. Hopkins, President, Indianapolis, Indiana

(For complete directory of this organization see page 84.)

The United Christian Missionary Society closed its fiscal year on June 30 with the finances of the Society in very good condition. The total receipts available for budget expenditure including income from Unified Promotion and from miscellaneous sources were \$992,208.02, a gain of \$132,769.71 over the previous year. Of this increase, \$108,566.33 came from promotional sources, and \$24,203.38 from miscellaneous items, the largest item being \$14,236.29 from interest on invested funds held by the United Society and the three affiliated old boards. In many ways this is the most gratifying increase in the receipts of the Society since its formation in 1920.

The receipts to the society from Emergency Million, raised to meet emergencies growing out of the war, on June 30 amounted to \$544,257.38. The War Services Committee received in addition \$41,868.24. It is confidently expected that these amounts will reach the allocations originally contemplated, namely \$600,000.00 for the Society, and \$45,000.00 for the War Services Committee, when the entire million dollars for all cooperating agencies has been paid in full.

Foreign and Home Mission Work. The Society is facing unprecedented conditions in missionary work due to this global war. With continued internment of missionaries, with two mission fields entirely closed, and a third removed hundreds of miles from its former location, with a united church in Japan, and recent overtures in China from the Baptists looking toward closer cooperation or possible union between these two missions, and with disturbed conditions interfering with world travel as never before, the foreign work of the Society must be reviewed constantly in order to keep abreast of developments.

The situation in the homeland is equally difficult and perplexing. Our ministers in increasing numbers are enlisting as chaplains, leaving our churches and missions with a distressing ministerial shortage. We are threatened with the possible loss of a quarter of a million members in connection with the unprecedented migration of population which the nation is experiencing on account of industrial war developments. Sunday school enrollment year after year is decreasing. Race tensions multiply.

In spite of these perplexities the evangelistic gains reported on the foreign fields have been unusually high. Notable gains are reported from the Belgian Congo, from India and from Argentina, Puerto Rico and Mexico. The total baptisms on the fields were 5,102 as compared with 3,693 the previous year.

On June 30, eight foreign missionaries remained in internment: Edwin Marx, O. J. Goulter and Miss Lois Ely in China; Mr. and Mrs. Allen R. Huber, and Mr. and Mrs. Joseph Smith with little Freddie in the Philippine Islands; and Dr. Fred Henderson (of Africa) in Germany. It is anticipated that Miss Lois Ely and Mr. Edwin Marx will return on the second exchange journey being made by the *S. S. Gripsholm*.

Mr. and Mrs. Lewis S. C. Smythe and Miss Cammie Gray remain at their distant posts in West China, and Miss Margaret Lawrence and Mrs. Edna

Gish have been sent to recruit their mission with anticipation that they will arrive in West China before the close of 1943.

The churches in the homeland generally in their evangelistic program have made wide use of the help provided by the Society—"Opening Doors for God" being especially popular. The inauguration of the All People's Christian Church and Community Center in Los Angeles marked a decided advance in a ministry to a mixed population in this metropolitan center. The strengthening of the department of social welfare and rural work has already begun to provide special aid to the large number of rural churches throughout the brotherhood.

Work in behalf of our Japanese constituency in America has been most baffling. Our institutional work remains suspended and our church activities have been merged in the main with religious work amidst the internment centers. A special visitation among rural churches in Indiana under the leadership of Miss Jessie Trout with the aid of both the home mission and foreign mission departments has made possible a unique and helpful service in behalf of these evacuated folk.

Christian Education. In the work of Christian education the activities have centered principally in continued promotion of the United Christian Education Advance. Increasingly our churches are taking advantage of the program thus provided not only for our brotherhood, but for the Christian movement generally in North America. New emphasis is being placed upon the Christian home as a center of educational activity. Especially gratifying developments have been made in the work among young people, with a growing number of pioneer camps and a splendid report of the summer conferences for youth in spite of transportation difficulties, employment demands and other unusual problems. The largest number of churches ever represented in these summer activities for young people is reported.

This has been a year of unusual devotion to Bible study and to the use of Christian literature. This is reflected in the report of sales literature, and also in the excellent standing that *World Call* has achieved after twenty-five years of service. The net gain in subscriptions to *World Call* this past year was 5,546.

A librarian has been installed to serve the Society in a much needed phase of work. The library facilities of the United Society are becoming increasingly available not only to churches and college students, but also to the colleges themselves through volumes belonging to the College of Missions.

Secretarial Changes. There have been no major changes in the staff of executive secretaries during the year. The following directors have been added to the staff within the year: Miss Ada M. Mosher as librarian in the service department, Miss Mary Mondy in the department of missionary education, Miss Kathleen Shannón in the department of missionary organizations and Mr. C. A. Weesner in the department of financial resources. Miss Edith Eberle was transferred from missionary education to sales literature in the service department. Miss Helen Spaulding left the department of missionary organizations in January to accept a position with the International Council of Religious Education.

Board of Trustees. Once again the board of trustees has rendered a vital service in the administration of the world wide task of the Society. Six meetings were held during the year, each attended by a large majority of the twenty-two members. To the board of trustees come all of the problems which the Society faces in every department of its work.

So serious were the problems confronting the board of trustees in Japan and China growing out of war conditions, and because of the inability to hold an International Convention as usual during the year, the board of managers was called in special session meeting in Indianapolis on May 4 and 5. One of the principal issues before the board of managers was the question confronted by the United Society growing out of the request of the Japan committee of the Foreign Missions Conference of North America to determine whether the United Society wishes to cooperate with the other boards formerly serving in Japan, in studying a possible cooperative approach to the united Church of Christ in Japan following the war. The board of managers unanimously approved a recommendation from the board of trustees that the representatives of the Society should participate in such study with deepest interest and sympathy for such a cooperative approach.

DIVISION OF FOREIGN MISSIONS

General

The fiscal year just closed has been one of healthy growth on all our foreign mission fields not devastated by war. Our missionaries and nationals baptized 5,102 people (1,409 more than in the previous year) lifting our church membership to 74,239, a gain of 2,264 over the highest previous year. Our hospitals gave 516,277 treatments, our schools enrolled 14,386 students and our Bible schools had an enrollment of 19,973.

Our churches grew also in their ability to support themselves. We now have 468 self-supporting groups of Christians. Twenty years ago we had only three self-supporting groups on our foreign fields. We raised a total of \$357,007.86 which was a gain \$36,054.37 over the previous year. This was a gain of more than eleven per cent. The budget for foreign missions consisting of money raised in America and sent to the field for the work totaled for the same year \$293,582.86.

And they advanced, too, in their ability to direct the work. For example all direct evangelistic work in India is now in the hands of the churches in India. They have the final voice on all evangelistic questions. In the interim between conventions an evangelistic committee composed of 6 Indians and 6 missionaries (the missionaries serving as members of the church in India and not as members of a foreign mission) direct the evangelistic work.

We grew, too, in the number of nationals employed. Twenty years ago we had 339 missionaries and 1688 nationals in the work on the foreign fields. That was 5 nationals to each missionary. We now have 176 missionaries and 2,053 nationals, or 12 nationals to each missionary.

There was advancement also in ability and willingness to work together for the advancement of His Kingdom. Ninety-five per cent of all foreign missionary work is on a non-competitive basis. Following the war there is certain to be much more cooperative and union work. Our missions have had excellent experience in the cooperative field and stand ready to make further advances.

Africa and India Missions

Congo. Even during a World War the young church in Congo emphasizes a deeper study of God's word, and a Christian's responsibility to others. This latter idea though alien to the pagan mind prompts the Congo Christian to evangelize not only his patriarchal family but far away tribes, to support orphan missions, to aid the British and Foreign Bible Society and to alleviate suffering by offerings and service even in Belgium and in China.

The Congolees are under the stress of war too. Increased demands for workmen, for obtaining jungle exports, or for enlarging commercial plantations, tax their energies but reward them by better prices to cope with the necessarily high priced imports, so they remain poor but have helped in the world's need, and do have a larger wage to tithe.

Over 400 village groups are now more than financing their local work and leaders have been located in a score of villages hitherto untaught. The main missionary emphasis, however, must continue to be the consolidation of work already established, the reaching by the Christian nucleus of the other residents of the village. Our district is less than one-ninth Protestant Christian and church members average 30 years of age. Equatorial life expectancy is little more than 50 years. This means that we must win thousands of new Christians annually to maintain our present membership.

Our schools are filled to capacity, our hospitals and dispensaries gave over 200,000 treatments, our churches maintain the evangelistic glow (at Mondombe there has been a near mass movement) and our reduced missionary staff continues to overwork. The Congo Christian Institute graduated its 12th class of 19 students. The student body numbers 94.

India. The church in India continues to grow in numbers and in ability and character. 335 people were baptized within the year. That equals 10 per cent of the membership at the beginning of the year. The net gain was 8 per cent. When one is reminded that in the 15 year period ending 1940 our churches in the United States and Canada gained 21 per cent in membership he comes to realize that an 8 per cent annual gain in India is significant.

That the church is growing in character and ability also, is evident by the fact that at a joint session of the annual convention of churches and the mission convention the evangelistic work of the churches was committed by the mission to an Evangelistic Committee made up by Indians and missionaries. The evangelistic work had formerly been under the direction of the mission which is a foreign body. The new plan rests on a firmer foundation; it recognizes the fact that our church in India is made up of all members of our church there of whatever nationality. It is not an Indian church or a foreign church but the Church of Christ in India. Thus the direction of evangelism becomes the task of the church in India and not of a foreign body. This is in accord with the strong trend in the mission world which is making Christianity indigenous in all parts of the earth. That our church in India will be able to bear with dignity and ability this added responsibility we have no doubt.

Our schools and hospitals have continued their usual high grade service to a wide and appreciative constituency. The return of Dr. P. D. Sukhnandan to his work in Mungeli after a three years absence was an event.

Oriental Missions

The Christians of China maintain their faith and continue their work in the sixth year of war. The Church of Christ in Japan reveals vigor and courage under pressure of a government straining every nerve to consolidate the gains of aggressive militarism. The Christian community in the Philippines though disrupted is not defeated. Jamaica alone in this department has escaped the ravages of warfare.

China. Dr. and Mrs. Lewis S. C. Smythe and Miss Cammie Gray have remained at their posts in Chengtu, West China. Miss Lois Ely, Mr. Edwin

Marx, and Mr. O. J. Goulter enjoyed comparative freedom in Shanghai during the first part of the year but have been interned six months or longer.

Costs of essential food, medicines and clothing continued to rise in free China until they reached 8700 times the pre-war figure in terms of Chinese currency. It was estimated in April that a single missionary would require \$300.00 a month by October, 1943. The United Society can maintain only five missionaries in West China.

In spite of their own hardships and because of the sufferings and needs of their Chinese associates, the Smythe's cabled for permission to postpone their furlough a year.

Dr. Smythe, as treasurer of the Industrial Cooperatives, distributed \$370,000. The budget for this work in 1943 is \$1,650,000. Dr. Smythe serves Induseco as a part of his major task of teaching sociology and economics in the University of Nanking.

Dr. Luther Shao reported that evangelistic meetings for the students of seven Universities in Chengtu had been well attended.

Cammie Gray continued her teaching in the University of Nanking, her service to "refugee" Disciples in Chengtu from all our stations in Occupied China, and her responsibilities to such interdenominational agencies as the National Christian Council and the National Christian Council of Religious Education. She is treasurer of the NCCRE.

Japan. Ex-Ambassador Grew in his off-the-record public addresses declares that there are 100,000 Japanese Christians who would die rather than deny Christ. He sees in this group a nucleus for building the new Japan. There are only 300,000 Christians, both Protestant and Roman Catholic, in Japan. If Mr. Grew is only partly right the Church of Christ in Japan will endure war and come through national defeat with faith and vigor to continue its service.

Philippines. The volume of news from the Philippines increased encouragingly during the last half of the year. However, no direct word came from Mr. and Mrs. Allen R. Huber and Mr. and Mrs. Joseph Smith. But a report by a repatriated internee of camp conditions in Baguio is reassuring regarding the Smiths and no word may be interpreted as good news about the Hubers.

We have reason to believe that missionaries of all Boards, and Filipino Christians, have kept up worship in homes, chapels and churches. Other aspects of their work have been curtailed but not discontinued.

Jamaica. C. H. Morris and S. S. Goldson completed their ministerial training in America and returned home for Christian service. A decline in attendance, difficulty in meeting budgets, and the shifting of population resulting in decreases in membership in certain churches, constitute the discouraging features of the year's report. But some of the churches have done splendid work, increased their membership, met their financial obligations, and contributed to Missions. There were 184 baptisms.

Latin America Missions

Argentina. Living up to its tradition of twenty-nine years, Colegio Ward showed the largest enrollment to date—926. The Union Theological Seminary moved into a fine new building.

All five churches in Buenos Aires had baptisms during the year. Gifts on the field totaling over \$1000.00 paid off the indebtedness on the Villa Mitre lot. Our churches are gaining in prestige. In Belgrano Sunday serv-

ices are transmitted by amplifier to the street and are listened to by many, as a result people have for the first time entered the church. In Villa Mitre old prejudices have been overcome, and people look on the work with interest and affection.

The Argentine League of Evangelical Women observed its Silver Anniversary. We have been justly proud of the contribution our own Zona Smith has made to the organization through the years as General Secretary.

Puerto Rico. 1942 marked progress in all phases of our work. In spite of the war there were 452 baptisms with a net gain in membership of 380. The actual attendance at Bible Schools was increased by 1000. The total offerings represent an increase of 81 per cent over the previous year. The growing missionary spirit was expressed in the observance of Children's Day and Woman's Day—with offerings of almost \$500.00 to World Wide Missions through the United Society.

The purchase of a splendid property in an unchurched suburb of San Juan, meant sacrificial giving from all of our churches, supplemented by an amount from Emergency Million.

McLean Conference Grounds continues to serve the churches of our district and of the island as the meeting place of groups large and small.

Mexico. In the field of evangelism good work was done by the group of students located in Aguascalientes. One of them, using a translation of Dr. Brieker's pamphlet of instructions for young Christians, baptized eleven persons during his August vacation.

The church in San Luis Potosi feels fortunate in securing Mr. J. M. Cueva for pastor. There were 26 baptisms, and a total missionary offering for the year of 412 pesos.

The day school in San Luis Potosi had the best year in its history, and was able to increase teachers' salaries.

The most spectacular achievement in Aguascalientes was the opening of Hope Sanatorium. With the help of a local committee of Evangelicals, the cooperation of the whole community, and financial and moral support from both stations and the United Society, the institution has grown and prospered and is being received favorably by all classes in the city.

Another institution which came into being during the year was "The House of the Friend," a social center inaugurated at Los Haro.

Paraguay. Colegio Internacional completed its twenty-second year in November, 1942. There were eighteen graduates, most of whom planned further study. The school enrollment was the highest in its history. The cultural and spiritual influence of our school grows with the years. Our students are known and appreciated in all this area both inside and outside Paraguay.

During the year a fine young people's society was organized in our Asuncion church, made up mostly of students from the school. Average attendance was about thirty-five. Our Sunday school in Colegio Internacional has an enrollment of about seventy-five. In December we held our second Vacation Church School, closing with a Christmas program. Religious services are held regularly at the Leper Colony. Our mission continues its constructive work among the lepers.

DIVISION OF HOME MISSIONS

Creation of a Department of Rural Work. One of the most significant events connected with the division of home missions during 1942-43 was the expansion of the department of social welfare into the department of social welfare and rural work and the stepping up of Dr. James A. Crain from half-time to full-time service in the division as executive secretary of this expanded department. The division has long been dissatisfied with the amount of service being rendered our rural churches and it is happy that at last it has become possible to thus expand the program of rural work.

Home Mission Personnel. Home mission personnel has never been on the same basis as foreign missionaries, where men and women have been selected, trained and then commissioned for a lifetime of service. Certain factors operating in the homeland will probably prevent home missionaries from ever having exactly the same status as those working in foreign lands, but the division of home missions proposes to approximate in the home field the same standards and continuity of service that have characterized the foreign missionary enterprise. To this end Miss Dale Ellis has been appointed personnel secretary of the division, with responsibility for developing procedures for recruitment, standards of training and conditions of service in the home missionary field which will bring into service highly trained young men and women who are dedicated to home missions as a life's calling.

Japanese and Japanese-American Work. The beginning of the year witnessed the liquidation of all of the institutional Japanese work which the division had been carrying forward for many years. This was due to the removal of all Japanese and Japanese-Americans from the West coast and their internment in relocation centers further inland. Early in the year Miss Dale Ellis was asked to serve for the division in developing a new program of service for this troubled racial group. The division has paid the salaries stipulated by the government for religious workers within camps to our two pastors, Mr. K. Unoura, Heart Mountain, Wyoming, and Mr. K. Kubota, Poston, Arizona. In cooperation with the Colorado Christian Missionary Society the division has maintained Mr. James Sugioka as a special religious worker in the Rocky Ford area of Colorado. As the year closes Mr. Sugioka is retiring from this work in Colorado and Mr. Unoura and his wife are moving to Rocky Ford to take over. Attention has been given to young Japanese-Americans desiring to enroll in college, and financial help has been provided for six such students. Full cooperation has been given by the division with the Committee on Resettlement of Japanese-Americans of the Home Missions Council of North America.

Home and State Missions Planning Council. Throughout the year the division continued its cooperation with the Home and State Missions Planning Council, a joint program-planning body representing the United Society and approximately 35 state and provincial missionary societies. The program being created by this organization grows increasingly rich and its work is being accepted with enthusiasm by the brotherhood.

Cooperative Activity. The division of home missions has continued and expanded its interdenominational cooperative activities throughout the year. The channels of this cooperative activity have been, in the main, the following agencies: Home Missions Council of North America, Federal Council of Churches of Christ in America, Interdenominational Council of Spanish Speaking Work, and the National Service Board for Religious Objectors.

The various executive secretaries of the division have served on numerous interdenominational boards, commissions and committees, and the division has given as generous financial support to interdenominational programs and projects as its budget would permit. The division is definitely committed to the largest possible degree of cooperation with other religious bodies in connection with home missionary work in the United States and Canada.

Church Development and Evangelism

Church Development. The department has continued and expanded its emphasis upon church development, seeking to give increasing guidance to local churches in the fields of worship, devotional life, organization and administration, Christian family life, membership development, Christian fellowship, and the promotion of church attendance. The department feels keenly that one of the greatest contributions that can be rendered is that of bringing thousands of our congregations to a new level of effectiveness in their work.

The Ministry. In cooperation with state missionary societies the department has sought to encourage higher standards for ordination, has operated a plan of ministerial placement, has given attention to ministerial recruitment, has sought to promote opportunities for in-service training, and, as the year closes, has projected a special study of ministerial ethics.

Evangelism. During the year the department has joined with state missionary societies in the promotion of two significant evangelistic projects. One of these projects is entitled "Opening Doors for God," and was intended for use by local churches as the effort could best be fitted into the local calendar. The second project is entitled "Victory Church Conservation Campaign," and constitutes an effort to follow up the thousands of church members who are being moved from one community to another incident to our nation's war effort and to enlist these people in the church in the communities where they are now residing. This effort will continue into the missionary year of 1943-44. The department has also sought to give encouragement to local churches in the building of year around programs of evangelistic activity, a program which goes beyond all projects and which works the spirit of evangelism into the every day life of the local congregation.

Church Maintenance. Church maintenance appropriations have given support to 21 white churches in the United States and 7 in Canada. Support has also gone to 4 state secretaries in the United States, to the All-Canada secretary and the Western Regional secretary of Canada. Efforts of the department to follow appropriations with personal supervision have been unsatisfactory this year since the staff of the department had to devote such a large block of time to Emergency Million, War Services, and similar special emergency activities.

Negro Work. Throughout the year the department has continued to join with the department of religious education in the employment of R. H. Peoples as national field worker for Negro churches. Church maintenance appropriations have assisted in the support of 12 local Negro churches, 1 regional evangelist and "The Christian Plea," national Negro religious journal. As the year closed the department was giving serious attention to strengthening its service to our Negro brotherhood.

Mission Churches. The year witnessed two of our French-Acadian ministers stepped up from part-time to full-time service, giving us three full-time ministers and one part-time. War conditions in the French-Acadian

area of Louisiana, with attendant raises in prices and the stepping up of the tempo of life, have made work difficult, yet our churches have enjoyed the best year evangelistically they have ever experienced. The year has seen the building of a parsonage at Lake Charles. It is hoped that 1943-44 may witness the building or purchase of parsonages in two other fields.

Among our Mexican Churches in Texas we can record the best year financially and evangelistically these congregations have enjoyed in many years. All of the congregations are well-staffed with trained and energetic Mexican ministers.

Charles G. Aldrich and Thomas Pletcher, ministers in the Coke Region of Southwestern Pennsylvania, have served effectively throughout the year. The ministry of both men has been unusually fruitful from the evangelistic standpoint. With the close of the year Mather and Dry Tavern, churches served by Mr. Aldrich, assumed \$250.00 per year more of their own support. Republic, being served by Mr. Pletcher, purchased pews, remodeled and re-decorated the church building, and made further progress in reducing an old building debt.

All People's Christian Church and Community Center. With the removal of the Japanese from the West coast the United Society was forced to face the question of what use should be made of the very valuable property which our Japanese congregation in Los Angeles had been occupying. It was finally decided to organize a church and community center to serve the people of various races living in the immediate vicinity of the property. Mr. and Mrs. Dan B. Genung, Jr., were employed to lead in this work and went to Los Angeles in September, 1942. Mrs. Leona Vickland, of the staff of the Japanese Church, was retained as a special children's worker. Much progress has been made throughout the year, especially in a social ministry to children, but time will be required to build a strong church, for few people in the community have the background of a Protestant tradition.

Institutional Missions

This year has been one of constant adjustment to war conditions. Workers were drafted into the armed services and their places have been filled with great difficulty, occasionally not at all. For instance, the Indian Mission has had no boys' worker all year.

Men students in the home mission schools were taken into the armed services in large numbers. The enrollment of girls increased and women labor took over much of the campus and school farm work normally done by men students.

Following are the high lights of happenings in the several Institutions:

Mexican Christian Institute. A program for the whole family is well underway with pre-natal and well-baby health clinics, kindergarten and all age group clubs, mother's meetings, parent's conferences, community forums, being conducted regularly. In addition to the regular work the Institute has contributed to the national emergency by furnishing space for Red Cross work, operating as a local defense center, teaching evening English classes for adults, and other activities. Several young men are in training on the field to do the important boys' work that Jesse Ibarra gave up when inducted into the armed forces.

Miss Etta Nunn, a former missionary to Mexico and Miss Agnes Fishbach, now returned to Paraguay, gave volunteer service at different times during the year to maintain the total program.

Southern Christian Institute. Mr. Charles Mosley, the new dean this year, has continued the use of the intensive plan of education which was put into operation a few years ago. It has proven very successful in lifting the individual standard of scholarship and creating interest in learning.

The better-live-stock enterprise has advanced to the prize winning stake. Several firsts, seconds, and thirds have been taken at local and county live-stock association gatherings.

A student consumer cooperative was started and put into fine working order. It is staffed and operated by the students themselves very successfully, as aid to limited student funds and as training in community business enterprise.

Jarvis Christian College. A growing interest in the Christian ministry is being manifested by both young men and women. A number of splendid men are studying for the ministry and several girls are looking forward to Christian service.

All requirements of the Texas State Department of Education for accreditation have been met so that for the first time Jarvis is a qualified accredited senior college.

Plans were made during the year for extension of the farm program to provide better training for farm students and the broader rural community cooperation and increased production.

Yakima Indian Mission. In anticipation of an Indian Church to correlate with the boarding home in a well-rounded program for Indian family service, Mr. and Mrs. Lawrence D. Granger were added to the staff to survey the possibilities and obtain Indian cooperation and stimulate their interest.

The depleted staff created the necessity of sending home some of the younger children for a part of the year. Only the devotion and long hours of the few staff members, loyalty of the remaining children, and splendid volunteer service of interested Washington church people, made it possible to carry on at all.

Social Welfare and Rural Work

Interdenominational Cooperation. Through the National Conference of Social Work and the Church Conference of Social Work the department keeps abreast of the latest developments in the field of general social service. Through the Home Missions Council of North America the department participates in religious work among sharecroppers and migrants, supporting a worker part time in this field. Cooperation is also carried on in the fields of race relations and world peace through appropriate departments of the Federal Council of the Churches of Christ in America, and other organizations.

Hazel Green Academy had a good year under the leadership of Principal Henry A Stovall and his staff. In addition to the regular academy enrollment of 81, a wide variety of activities directed toward better living conditions of the surrounding area are carried on. These include cattle, hog and poultry programs, better utilization of farm land and training in wood-working and recreation. During the year a sawmill was purchased giving employment to a number of people and providing needed lumber for repairs and construction. The x-ray equipment of the hospital was renovated. We regret to report the resignation of Mr. Hugh Holland, pastor of the Hazel Green church and teacher of Bible in the academy. For the first time a work camp was inaugurated under joint direction with the American Friends Service Committee. Pearre Hall is now undergoing needed remodelling.

Livingston Academy continued to be operated under contract with the Overton County Board of Education. On August 1, 1942, Mr. and Mrs. William D. Hall, young missionaries under appointment to India, were sent to Livingston, where Mr. Hall serves as teacher of Bible in the academy and as pastor of the church until transportation to their field of labor can be arranged. He has also opened a number of Sunday school and preaching out-stations in the mountain area beyond Livingston.

Rural Work. This phase of work was formally launched on March 9, 1943. During the year a number of rural pastors in various states have been assisted to attend rural pastors' short courses and institutes at State universities in cooperation with state mission boards. Observance of Rural Life Sunday, May 30, was sponsored. A beginning was made in the production of needed guidance material for town and country churches. The department also assisted in planning the biennial National Convocation on the Church in Town and Country.

The Committee on Conscientious Objectors under the chairmanship of F. E. Davison, has continued to cooperate with the National Service Board for Religious Objectors, the organization recognized by the federal government relating to conscientious objectors. During the year correspondence has been carried relative to men of our churches in Civilian Public Service Camps, and the sum of \$12,325.87 has been received in contributions especially designated to this cause.

World Peace. With the growing interest in post-war world organization looking toward a just and permanent peace, the department has given much time and thought to the work of making available to our churches materials in this field.

Temperance. With the need for increased vigilance because of the speeding up of industrial processes and other exigencies of war, the department has given much attention to providing dependable information and usable materials in this field.

Publications. The department publishes *Social Action Newsletter* and the executive secretary contributes a column regularly to *World Call*. Various leaflets, pamphlets and news articles have also been prepared relating to the work of the department.

DIVISION OF CHRISTIAN EDUCATION

The division of Christian education made up of the departments of religious education, missionary organizations, and missionary education, carried forward a highly cooperative program through the United Christian Education Advance, and age level, functional and church-wide committees, and the national youth planning conference.

The United Christian Education Advance 1942-43. This was the second year of the Advance. Many churches that had done little with it during the first year, began to catch some of the significance of the movement and took steps toward active participation. The packet of materials was well received and was not only used by many of the churches of our own brotherhood but was requested by leaders of many other communions as well.

Two special emphases on attendance and reaching new people were carried forward during the Spring of 1943. The first one issued under the slogan, "Your Church Can Reach New People," covered the period from

January to Easter. The second with the slogan, "It Can Be Done," challenged the churches to continue to reach new people between Easter and Pentecost. Reports indicated that our churches had made an effort to reach that great group of American citizens not now being touched by any church. If all churches had reported the announced results no doubt would have been quite significant.

The new 1943-44 materials giving suggestions for the third year of the Advance were ready for distribution soon after July first. The new plans encourage churches to carry forward their work of last year and reach out to touch an even larger group of people.

The Advance in 1943-44 offers a real challenge for churches that have already participated in the movement for two years and an equally significant challenge for churches just now starting.

Age Level, Functional and Church Wide Committees. The departments that make up the division of christian education do their educational work through age-level and functional church-wide committees. The age-level committees are adult, young people's and children's committees. The functional committees are stewardship, evangelism, leadership, missionary education, parent education, social education and visual education committees. The division national staff meets regularly twice a year and occasionally on call.

The entire division staffs, national and field, met in joint meeting in Indianapolis, April 27-May 1, 1943. At this meeting the division's program of "Vital Issues" was produced. That program covers the following subjects: "Reaching the Unreached," Bible Study, Home and Family Life, A Just and Durable Peace, Leadership Education, World Mission of the Church, Stewardship and Curricular Materials.

National Youth Planning Conference. The national young people's committee of the division called in January, 1943, a National Planning Conference of youth and their leaders for the purpose of giving assistance in outlining plans, programs, and projects for the youth of our Brotherhood. Twenty young people and sixteen adult leaders of youth represented youth work committees of thirteen states. Commissions outlined plans for a proposed National Christian Youth Fellowship; for special youth activities such as youth meets and summer conferences; for study; and for action. They chose as the theme for all youth activities of the brotherhood for 1943-44, "Lift Christ Now."

Religious Education

The department of religious education set up a new directorate this year known as "Church-Wide Administration (Local Church)" and "Christian Family Life," with a national director. By so doing the department places a new and rightful emphasis on the home with the belief that the home is the most influential unit of civilization and therefore, must be Christianized. The department recognizes that there are organizations and personnel whose authority and responsibility runs across the entire church life and, therefore, proposes to service such organizations and personnel through this new director.

The department does its work through four other directorates—adult education, young people's work, children's work and leadership education.

Adult Work. During 1942-43 favorable progress was made in adult education. Some of the activities carried forward this past year were as follows:

1. An emphasis on the five specific program activities listed in the leaflet, "You Are an Adult," was made through area workers and state and district volunteer leaders of adult work.
2. A new emphasis on young adults was started.
3. Even in the face of difficult travel conditions adult conferences were held in the following states during the summer of 1943:

Alabama	North Carolina
Arkansas	Ohio
Louisiana	Colorado
Tennessee	Texas (Center Point)
Capital Area	Texas (Buffalo Gap)
(Frederick, Maryland)	Texas (Valley Mills)
West Washington	South Idaho
East Washington and	Mississippi
North Idaho	Kansas

Some conferences showed the expected decrease in attendance but some surprisingly showed a small increase over last year.

4. The director of adult work is also the director of the United Christian Education Advance and most of the church's effort to reach more people with Christian teaching is dependent upon adults.

Young People's Conferences and Camps. Ninety-one young people's summer conferences were held in 1943. Early reports indicate that the attendance was only slightly below the total of last year which was 7,801 students and 1,303 faculty.

Thirty-five Pioneer Camps were held in 1942, and forty this year. The attendance was approximately 1,500 last year and will probably be above 2,000 this year with the greater interest in Intermediates on the part of local churches. About 300 to 400 faculty serve in these Camps.

At least 2000 churches are represented in these conferences and camps.

Student Work. Two hundred and fifty people give full or part-time to student work, among whom are pastors, members of college faculties and special workers. These are all kept informed and up-to-date on policy and plans of student work and its relation to service men and women on campuses.

The department maintains three Bible Chairs in connection with state universities, namely, Michigan, Texas, and Virginia, in which projects it expends approximately \$9,000.00 annually.

In the University of Michigan some work was done in cooperation with the Congregational-Christian Church to complete satisfaction of all.

General Youth Work. Our state and district chairmen of youth work number about 125. They are active in promoting the development of the youth program in their respective states and districts. Many of them are local directors of conferences, camps, and meets in their respective districts. Many districts have organized Christian Youth Fellowship councils for the better coordination and promotion of youth work and fellowship among the churches. Several states have set up state councils of the Christian Youth Fellowship or are in the process of doing so.

Children's Work. The ten major emphases of Christian education proposed by the children's work committee for 1943-44 have been vigorously

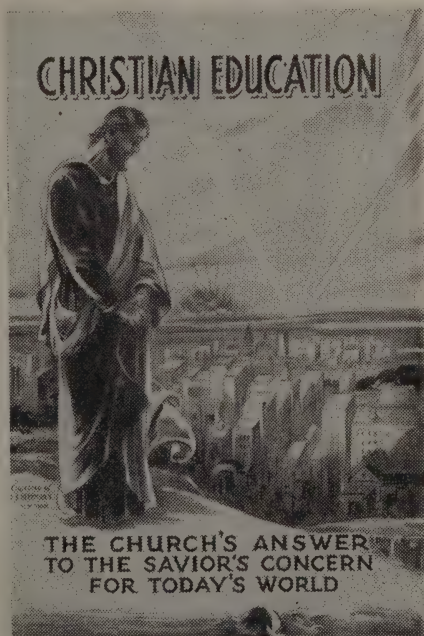

promoted by and through the field staff members and the volunteer staff members, the latter totalling something like 175; through direct correspondence and through liberal use of guidance leaflets and bulletins.

A sum of \$1,000.00 from the Emergency Million Fund has made possible local church visitation on the part of volunteer leaders and the training of specifically selected leaders to serve in needy war defense areas.

A somewhat new type of leadership education has been introduced. Work shop institutes have been effectively used in two states, reaching approximately two hundred workers, and resulting in increased and more effective use of lesson materials, and in more and better vacation church schools.

Four laboratory training schools have been held by our own people and four in cooperation with other communions. Reports thus far indicate that something like two hundred leaders have been served and five hundred children, with 150 leadership credits issued.

Leadership Education. Leadership education through its supporting materials and field program has attempted to help the churches face the most difficult leadership problems that have ever arisen. The church has witnessed during this year, the largest turnover in leadership of any year in its history. Transportation problems have increased the difficulties in carrying through training projects. Field service has had to be adjusted on account of personnel and rationing problems. Many of the leadership enterprises have, of necessity, been centered in single churches or in centers where the workers of only two or three neighboring churches might benefit. Yet, the tabulated figures show only a slight decline in the number of credit cards issued to individual students. This is partially due to the stimulus provided through the allocation of one thousand dollars from Emergency Million funds, making possible special service for leadership training schools and classes. Churches in seventeen states benefited through this service. Other churches have been stimulated to plan for fall projects.

Missionary Organizations

The primary concern of the department of missionary organizations has been to develop a program which would be a realistic approach to the war situation. The tremendous demands of secular interests upon the time, energy and possessions of people have had inescapable implications for the continued vitality and effectiveness of missionary organizations on all age levels, as well as state boards. To meet this problem, an Active Absentee fellowship with supporting materials has been developed and promoted among local groups.

Local missionary organizations have their potential fulfillment only as integral parts of their churches and the brotherhood in whose program they have had a worthy share. As a part of the division of christian education, national and state staffs of this department, cooperated in the planning and administering of the total program of Christian education through the various committees of the division, the National Youth Planning conference and a joint meeting of the divisions's field staffs. A new guidance resource for adult leaders, "Guideposts for Service" is issued quarterly by this department in cooperation with the department of missionary education.

At the close of the missionary year, June 1943, there were 4,236 missionary organizations including adults, young people, and children with a membership of 148,146. These groups contributed for home and foreign missions and Christian Education, regular offerings amounting to \$459,979.69 an increase of \$35,012.89. Special gifts amounted to \$11,566.45. The department carried administrative responsibility for the Christian World Friendship Fund, a program for all young people which served effectively to lift the regular giving of our youth, and the children's project of support and study, which was Mexican churches in the United States, and Mexico and churches in Argentina. Missionary organizations had a significant part in the successful closing of Emergency Million, assuming definite responsibility for the Unit Book method of the effort.

Missionary education for the total church was advanced through church schools of missions, classes, and special day observations. Woman's Day was observed by 1,989 groups; 1,496 observed Easter Week of Prayer; 104 Schools of missions have been reported. Youth meets reported larger numbers of young people than in previous years. On January 1, 1943, the Kansas Women's Christian Missionary Society further consolidated its fellowship with the United Society. All offerings of the local missionary organizations in that state are now remitted directly to the national office and an agreed upon amount is returned to the state.

Miss Helen Spaulding, who resigned from this department in January to accept a position with the International Council of Religious Education was succeeded by Miss Kathleen Shannon who is rendering an increasingly valuable service. During the ad-interim period Miss Alma Scott, secretarial assistant in the department served effectively as acting director of children's and young people's work.

Changes in personnel among the state secretaries of missionary organizations-education are as follows. The name of the former secretary is listed first, followed by her successor: District of Columbia, Mrs. Roberta Gravatt, Mrs. J. Lloyd Black; Florida, Mrs. E. L. Vordermark, Mrs. P. D. Snipes; Michigan, Mrs. E. W. Richards, Mrs. Allan Hersee; Montana, Mrs. G. C. Moore, Mrs. E. E. Lytle; West Virginia, Mrs. W. H. McKinney (acting secretary), Mrs. B. H. Bruner; Canada, Mrs. J. M. Curiston became field secretary for missionary organizations-education.

Missionary Education

The year 1942-43 was a most gratifying one both from the standpoint of the wide-spread and fruitful use of current missionary education materials and that of the production of materials for the coming year's study.

Adult and young people's groups reported great benefit from the special survey study of our own brotherhood's world-wide task. The study of Latin America was one of the most popular foreign mission studies of many years.

As a special educational project young people were enlisted in a Latin America script contest, in which recordings were made of original messages to the young people of Latin America. These were in various forms—dramatic, musical, choral speaking—and are to be sent to groups in our Latin American churches.

Children's groups followed the study of Mexico and South America throughout the year, using study units in Junior World, the two Children's Special Packets on these subjects, and interdenominational materials.

The study texts, reading books, and other materials on Latin America published cooperatively through the Missionary Education Movement were of unusually high order and were widely used among our churches.

On Woman's Day the graphic "Story of the Missionary Dollar," was presented in hundreds of churches. Easter Week of Prayer services prepared by Léo G. Potter on the theme, "Beyond the Cross," also met wide favor. Youth Meet materials were provided on the theme, "Build Today for a Christian World." Other materials produced included: a supplement to the study unit in the Intermediate Bethany Graded Lessons; a unit on "Christian Stewards" for the Junior Graded Lessons; the annual reading list; worship services for missionary groups; new young people's conference syllabi for the missionary courses; and other program helps and guidance materials.

A new responsibility was assigned to the department during the year, that of providing materials for women's councils and promoting their comprehensive educational program. The first series of twelve programs for 1943-44 was issued, "In Times Like These." It includes programs on a wide variety of subjects and is being recommended by the division of Christian education for the use of any adult group.

Materials were prepared for use in the study of the home missions theme for 1943-44, "The Church and America's Peoples"; for adults, a series of programs, "One Nation Under God," and a discussion course, "America Indivisible"; for young people and seniors, separate discussion packets on "America's Peoples"; for children, a Children's Special Packet, "A Church for All Nations," dealing with the new community church and center in Los Angeles.

"Guide-Posts for Service," a bulletin for leaders of women's groups, has been inaugurated jointly with the department of missionary organizations, and is meeting a long-felt need.

During the year there has been a change in personnel of the department through the resignation of Miss Edith Eberle, who assumed another position in the Society. The department wishes to pay tribute to the significant contribution which Miss Eberle has made through the years in the field of missionary education, through the preparation of study and program materials for adult groups, her other writing, and her outstanding Christian leadership. In February Miss Mary Mondy of Dallas, Texas, became the new director of adult work in missionary education.

DIVISION OF GENERAL ADMINISTRATION

Financial Resources

In planning the promotional work for the Society for the past year the department of financial resources faced a most promising year, whose promise has been amply justified by the results obtained.

In the first place, the Society faced a year of unusual needs. In every phase of its work emergencies due to the rising cost of living, emergencies caused by the world at war, made the demands upon the Society extremely heavy.

In the second place, there was a tremendous challenge in the fact that our people were more able to give than in many years past. More money was in circulation and the hearts of people were more responsive to the Christian appeal and to the needs of mankind.

In the third place, we had an unusual opportunity to tell the brotherhood about these needs through the broad field schedules of the Emergency Million campaign. Without question, in this year more individuals and groups were contacted and informed concerning the life and work of the Society than in many years past. In addition we were fortunate in having the total cooperation of all forces within Unified Promotion augmenting the staff of the Society in telling the story of the needs.

It is the very sobering responsibility of the department of financial resources to make articulate the needs of the Society before the brotherhood. As we look upon it, however, this is not a burden but a joyous task. The task of promotion is God-given, and it is our conviction that in inspiring people to give we are by that process bringing them closer to the Kingdom.

The activities of the department are allocated within various sections of work through which the promotional plans of the year are administered. The reports of these sections follow:

Receipts. The gain in promotional receipts for the year applying on budgets was over 14 per cent. This year successfully completed the Emergency Million campaign. In addition we have had one of the largest years in receipts for current expenditures in the history of the Society.

Total receipts for the year July 1, 1942 to June 30, 1943 were as follows:

From promotional sources, general fund -----	\$ 887,520.12
From promotional sources, special fund -----	416,724.15
Annuities -----	43,775.00
Bequests (general and special funds) -----	37,106.51
Field receipts (home and foreign) -----	318,592.94
Misc. receipts (general and special funds) -----	384,045.77

Total receipts to the Society ----- \$2,087,764.49

Field receipts are made up of offerings from mission churches, home and foreign, and fees from schools, hospitals and other institutions. These receipts are administered directly in the phases of work where raised. Miscellaneous receipts are receipts from permanent funds, from the old boards, literature, etc.

Special attention should be given to the receipts of the Society from promotional sources for the year. The twelve months show a gain in general fund receipts of \$108,566.33. Bequests show a gain of \$7,328.38. Annuities

show a loss of \$54,607.00; undesignated gifts from individuals show a gain of \$6,713.65 and designated gifts a loss of \$4,517.90.

Emergency Million. The Society participated with the other causes in Emergency Million with wholehearted enthusiasm. This two-year effort on the part of the brotherhood under the leadership of Unified Promotion has achieved notable success. A tribute must be paid to the staff of the Society for its unusual service in the field during this period. They put themselves under the load of individual solicitation, giving of their time and strength to advance the movement. Its success is a testimony to the cooperation, the devotion and the ability of the workers both state and national. In addition, the effort assisted every promotional interest of the Society.

Individuals, Definite Objects and Living Links. Activities within these sections of the department's work have been unusually fruitful this year. Solicitation of individuals has continued with gratifying results. The receipts from this source show a good gain for the year. We made many new assignments of definite projects to states, groups and individuals, and in cooperation with the youth committee of the committee on Christian education launched a major effort among the young people of the brotherhood in the assignment of definite objects, nation-wide, through the Christian Youth Friendship Fund. Living Link assignments were unusually good for the year. Giving of living link churches was raised considerably and we added, also, the support of students who are preparing for missionary service.

Field Service. The Society was greatly handicapped in making its regular contacts in the field during this year inasmuch as the staff members were engaged in Emergency Million. Although many dates were filled, it was very difficult to make the normal contacts for field service as has been our practice.

Publicity. The Society enjoyed unusual cooperation of state and national papers presenting the work of the causes of the Society. The average coverage in state papers this year was twelve column inches per issue. The secular papers have been most cooperative. The national magazines such as *World Call*, *Christian Evangelist*, and *Front Rank* gave unreservedly of their space. Patent Sides for church bulletins were printed and supplied to the churches on regular orders, and special orders for special occasions.

Staff. Mr. C. A. Weesner took up his duties with the department the first of September. His assignment embraces both field and office duties in the solicitation of individuals. He was also assigned the task of visual promotion and living links. During this year he gave a large portion of his time in Emergency Million. Mr. Virgil Havens has continued in full time field service, giving his time largely this past year to Emergency Million.

Dr. Royal J. Dye served the department until the first of September before retiring as of that date.

Unified Promotion. The total activities of Unified Promotion were absorbed largely in continuing the Emergency Million campaign and the gain in receipts from this source indicates the effectiveness of the program of cooperation as administered through Unified Promotion. We are deeply grateful for our colleagues in the work among all the agencies cooperating in this brotherhood movement.

We close the work of the year with a sense of deep gratitude to the brotherhood which has made these gains possible, and a sense of increased devotion to the task that confronts us. In these days of war and hatred it is good to know that people respond to the call of the Kingdom of God.

Service

During the year the service department has had to cope with increasing difficulties in providing necessary office production due to the prevailing man power (in our case largely "woman power") shortage. This has inevitably affected efficiency of operation, yet by doubling up and putting in some overtime we have been able to carry on even in the year that Emergency Million efforts called for additional work and workers.

Defense organizations continue to bid for our office workers and while some have left our service because of higher wages obtainable in defense plants, we have been able to retain our service organization almost one hundred per cent, although securing new workers when needed has been most difficult.

The heating system in the Library Building has been further extended and additional radiation installed so that necessary heat for the basement floor can now be obtained without difficulty.

Arrangements have been made for redecorating Graham Chapel and also for the installation of a new roof on the Missions Building during the summer of 1943.

During the summer three pieces of furniture for Graham Chapel—a pulpit, lectern and communion table—are being manufactured by Mr. John G. Alber, State Secretary for Nebraska. It is expected that this chapel furniture will be ready for installation in the early fall and will add greatly to the effectiveness of our chapel setting. A new carpet is also to be installed in the chapel which will further add to the atmosphere of this noted room made sacred to so many through the years as the radiating center of missionary consecration and devotion of our people.

The department staff has been increased during the year by the addition of Miss Edith Eberle as director of sales literature and Mrs. Ada M. Mosher as director of the library.

Miss Eberle, coming from a fruitful service as a foreign missionary in the Philippines and from the work of the missionary education department, has brought to the direction of the handling of sales literature a rich background of knowledge and understanding of the missionary needs of our people, which is proving invaluable in the service of making available to the brotherhood the literature which is needed to implement the missionary vision and passion of all our missionary leaders in the local church. It is predicted that Miss Eberle will increasingly make our literature service a real piece of undergirding for our important and imperative Missionary and Educational task.

Mrs. Mosher, likewise, is entering into her duties as librarian of the United Society library in a way which already indicates that the library service of the Society can and should be made another efficient and outreaching arm of The United Christian Missionary Society throughout the brotherhood. Mrs. Mosher, a trained librarian for many years on the staff of the Cleveland, Ohio, library and from one of our best church families, the sister of H. B. McCormick of Lakewood Church, Cleveland, is peculiarly fitted to render a service to our organizations, colleges and churches which has long been sorely needed.

THE UNITED CHRISTIAN MISSIONARY SOCIETY
 TWENTY-THIRD ANNUAL REPORT

31

The service department is to the United Society much what the quartermaster's department is to the army—most of its work is in the background and yet essentially vital to the ongoing and welfare of the organization of which it is a part. In the spirit of endeavoring to render this needed service in the most effective way possible despite hindering war conditions, the department looks forward to the work of the coming year.

Certificates of Auditor

I have audited the accounts of The United Christian Missionary Society for the fiscal year ended June 30, 1943, and have verified the cash, the securities and other current assets as of that date.

I have examined the Treasurer's report, a copy of which is hereto attached, showing total assets of \$4,018,235.30, total liabilities of \$249,621.67, and total fund balances of \$3,768,613.63 as of June 30, 1943.

I hereby certify that the Balance Sheet shown in the Treasurer's report is in agreement with the records of the Society and with my report of audit as of June 30, 1943; and, in my opinion, correctly presents the financial condition of the Society at that date.

STEPHEN S. YEOMAN, C.P.A.

Member American Institute of Accountants.

I have audited the accounts of the American Christian Missionary Society, the Christian Woman's Board of Missions, The Foreign Christian Missionary Society and The United Christian Missionary Society and hereby certify that the above combined statement showing total assets of \$6,900,719.95 and direct liabilities of \$249,621.67 is correct.

Committee on War Services

Willard M. Wickizer, Executive Secretary, Indianapolis, Indiana

(For complete directory of this Committee see Page 89.)

Committee Authorization and Personnel. The Committee on War Services of Disciples of Christ came into being as a result of an action of the 1941 International Convention of Disciples of Christ requesting The United Christian Missionary Society to create such a committee. The committee is one of the general committees of the society, reporting directly to the board of trustees. From the first it has been representative in its membership, its personnel during 1942-43 being as follows: F. H. Groom, Cleveland, Ohio, chairman; Kenneth B. Bowen, Covington, Kentucky; John Harms, Chicago, Illinois; Clifford H. Jope, Indianapolis, Indiana; M. Owen Kellison, Indianapolis, Indiana; Mrs. H. B. Marx, Indianapolis, Indiana; C. D. Pantle, St. Louis, Missouri; William A. Pearcey, Indianapolis, Indiana; Carroll C. Roberts, Washington, D. C.; John A. Tate, Richmond, Virginia; W. H. Walker, Bloomington, Illinois; Willard M. Wickizer, Indianapolis, Indiana. Mr. Wickizer has served from the beginning as the executive secretary of the committee.

Financial Support. The committee received \$10,000.00 from the United Society from the "One Day's Income" offering of June 22, 1941. It was included in Emergency Million for \$45,000.00. Later the causes of foreign missions, home missions and religious education in the United Society transferred \$30,000.00 of their Emergency Million receipts to the committee, while the division of home missions turned over an additional \$5,448.00 of Emergency Million money especially designated for work in war industrial communities. About \$1,000.00 has been received from miscellaneous sources. This makes a total of approximately \$91,400.00, which the committee has had available to finance its work from July 1, 1941 to December 31, 1943, or for a period of two and one half years.

Field Supervision. Mr. Wickizer, the executive secretary of the committee traveled about 50,000 miles during the year visiting camp and war industrial communities, giving counsel and guidance to our ministers and churches there and arranging for appropriations where financial help was needed.

Mr. H. G. Haney came to the staff of the committee in July of 1941 as field executive. His special assignment was camp communities and service to chaplains. Mr. Haney spent almost his entire time in the field and rendered an unusual service. He resigned as of January, 1943, to accept the pastorate of the Greenville, North Carolina, church.

Field Service. With the resignation of Mr. Haney the committee employed Mr. Howard Dungan, special war service worker at Little Rock, Arkansas, as a special field worker in war industrial communities. Mr. Dungan spent from one week to one month in a community, conducting surveys, strengthening the program of the local church, training leaders, and in other ways assisting a church in a war industrial community to meet its situation.

As of January 1, 1943, Miss Margaret Weisbrod, camp worker at Hattiesburg, Mississippi, was employed by the committee to serve as a special field worker in camp communities. Miss Weisbrod spends from one week to ten days with a church in a camp community, assisting it to develop the best possible program for men in service.

As the year closes the committee has five volunteer women devoting the three summer months to service in camp and war industrial communities.

These women are holding vacation schools, organizing leisure time activities for children, assisting in community canvasses, and doing church calling.

The committee also has placed in the field four women on a full-time employed basis who will be available for service in camp and war industrial communities. The women will remain in a community from two weeks to two months and render whatever service is most needed.

Financial Appropriations. As of June 30, 1943, the committee had the following appropriations in force:

To local Christian churches in Camp Communities -----	26
To interdenominational projects in Camp Communities -----	6
To local Christian churches in mixed Camp and War Industrial Communi- ties -----	4
To interdenominational projects in mixed Camp and War Industrial Com- munities -----	5
To local Christian churches in War Industrial Communities -----	10
To interdenominational projects in War Industrial Communities -----	9
	<hr/>
	60

There were 11 new appropriations pending at the year's end.

Service to Disciple Chaplains. The committee has endeavored in every way possible to be of service to Disciple chaplains. This service has taken the following forms:

1. The promotion of a project to supply our chaplains with field communion sets. As of June 30, 1943, 125 such sets had been supplied.
2. The publication of a bi-monthly chaplains' bulletin to keep our men informed as to what the brotherhood and our other chaplains are doing.
3. Supplying our chaplains with literature for distribution to their men.
4. The carrying on of an extensive personal correspondence with Disciple chaplains.
5. Fraternal visits to Disciple chaplains in the field on the part of representatives of the committee.
6. Performance of special services specifically requested by chaplains.

Cooperation With Interdenominational War Agencies. The committee has given financial support to and has cooperated actively with the General Commission on Army and Navy Chaplains and the Christian Commission for Camp and Defense Communities, the two major interdenominational war service agencies. The first of these agencies deals with the War and Navy departments in regard to Protestant chaplains in the armed forces, while the second agency concerns itself with interdenominational religious activity in camp and war industrial communities.

Cooperation With Commission on Chaplaincy Endorsement. The Committee on War Services works closely with the Commission on Chaplaincy Endorsement of the International Convention. Two members of the commission have been included in the membership of the Committee on War Services and have in turn been appointed to membership on the General Commission on Army and Navy Chaplains. The Commission on Chaplaincy Endorsement receives almost its entire financial support from an appropriation granted by the Committee on War Services.

As the Year Closes. As the year closes the work of the committee continues to expand. One great new area, for instance, which is just emerging is that of university and college centers where thousands of service men are now being stationed for training. Present financial resources of the committee will be exhausted by December 31, 1943, which means that the brotherhood must provide new resources if the committee is to not only meet new needs but continue its service in old areas.

World Call

George Walker Buckner, Jr., Editor, Indianapolis, Indiana

(For complete directory of this Organization see Page 102.)

Editorial. Paper restrictions imposed by the government because of the war have made necessary within the past year certain editorial adjustments, including the elimination of some material formerly carried in *World Call*. These changes have been made with a minimum of disturbance to the general policy and without any cheapening or lowering of the standards.

Receipts. Total receipts from subscriptions and advertising for the year ending June 30, 1943, amount to \$52,270.70. *World Call* approaches the close of 25 years of service as an International magazine of Disciples of Christ as a wholly self-supporting periodical, an unrivalled record in the field of religious journalism. During the past year an amount of \$3,000 has been invested as a reserve against possible declining circulation, rising costs, or other unanticipated needs.

Honor Roll. 755 churches won a place on the annual World Call Honor Roll which closed June 30, 1943, by having sent in during the fiscal year 20 or more subscriptions. Wilshire Boulevard, Los Angeles, California, closed the year with 315 subscriptions, thereby holding first place.

Ten Per Cent Legion. Based on figures of December 31, 1942, recognition has been given to 394 churches attaining membership in the Ten Per Cent Legion by forwarding during the calendar year subscriptions (with a minimum of ten) equal to ten per cent of their membership.

Circulation. The average monthly circulation of *World Call* in the year ending June 30, 1943, was 44,996, a record gain of 5,446 over the preceding year. The comparative circulation by states on June 30, 1943, follows:

	June 1942	June 1943		June 1942	June 1943

All Canada Committee

O. W. McCully, General Secretary

(For complete directory of this Committee see Page 102.)

Cooperative work in Canada made definite progress during the year. An All Canada Conference was held in Ridgetown, Ontario, at the beginning of the year when plans were made for the advance of the work. Most of these plans have been carried out in a way that has been a real challenge to all who have shared in the work. Mr. R. W. Pugh of Saint John, N. B., was elected Chairman of the Committee succeeding Mr. George H. Stewart who had been Chairman since the All Canada work was started in 1922.

It was recommended that Mrs. A. G. Henderson be a living link missionary of all the Churches of Christ in Canada. The churches have supported this recommendation with enthusiasm. It was a real thrill and a very great source of satisfaction to learn that Mrs. Henderson had been released from Germany and had arrived home.

All Canada accepted a goal of \$10,000.00 in the effort to raise \$1,000,000 to help meet the emergencies facing the Church. The campaign was not started in Canada until November and by the end of May the goal had been reached. Total pledges to date amount to \$10,656.00. By an arrangement with those in charge of raising this fund, it was agreed that half the amount raised in Canada should remain for work in the Dominion to be spent under the direction of the All Canada Committee. This money is already showing fine results in work being done in Women's Missionary Work, Christian Education and Evangelism.

During the year Mrs. J. M. Curiston was released from her work as Office Secretary for part of the time when she visited most of the churches in the West and in the Maritimes. She also did considerable field work in Ontario. This has proven a very worth-while project. Her leadership in this field has been greatly appreciated and the results are already indicated in increased Missionary activity.

The Canadian Disciple has increased in circulation. It continues to serve our Church homes in a very helpful way. The All Canada College has found it difficult to hold its students, several fine ministerial students having joined the Air Force. However, a few new students have enrolled and the work goes on. The demand for student ministers has been more than could be met. Mr. A. A. Allan, B.A., B.D. was principal and lecturer during the year.

Young Peoples' work has been increasingly difficult but many churches have carried on a full program of activities.

There has been an increase in daily vacation Bible Schools which is proving very helpful to many churches.

During these days of war and strife of all kinds, the church must hold up the Christ as a challenge to all people to a better life. The Churches of Christ in Canada are working together toward this goal.

Never before in American history has the Christian college faced such critical problems. In fact, there are many persons, even among those who champion the church college, who feel that the forces which threaten them are so irresistible and the forces which support them so weak or indifferent or ignorant of their true stature and worth, that the present trend toward tax-supported higher education will inevitably swallow all Christian colleges or else force them to close.

Thus, Dwight E. Stevenson, in a recent issue of *The Christian Century*, after a careful analysis of the present relationship between our colleges and the military and economic programs of our federal government on the one hand and the apathy and indifference of church members toward them on the other, raises the question of their continuing financial support. If it is not to come from churches, which are now supplying only one or two per cent of the annual budgets of colleges, and if the federal tax program makes their continued support by wealthy philanthropists impossible, where can they look for the money they need? Mr. Stevenson concludes:

“Where can they look? Where more naturally than to the government which has been subsidizing them for several years in connection with military programs? It does not seem out of the way to reason that great numbers of small, formerly church-related colleges will become state or municipal schools. This will not mark the end of good education, for such schools do an efficient job, but it will mean the end of their distinctive contribution to Christian education.”

This conclusion is logical, inescapable, certain of fulfillment—*unless* the church is aroused to the danger, decides at once that Christian higher education is basic and essential in the church's program and mission, and resolutely sets about the job of providing an adequate, consistent, and continuous flow of money and students for her colleges.

What stands in the way of this fateful awaking and resolution on the part of the church? Many obstacles—but none of them insurmountable. There is ignorance of what the Christian college and foundations mean and do. There is inertia and slothfulness born of tradition and mental and spiritual habits. There is the fear of other religious boards and church agencies that any change in the relative status of the colleges and foundations will militate against their programs and budgets. There is the hostility and the blind prejudice of a few of our religious journals which make it their studied policy to report only the failures and weaknesses of many of our institutions of higher learning and to ignore in their columns all that reveals the constructive nature and magnificent achievements of the colleges.

But ignorance and inertia yield to light and resolution. Fears of other boards and agencies disappear when they are made to see that Christian higher education is an essential foundation on which they must build. And for each journal which maligns our Christian institutions of learning there are two or three which warmly support and militantly champion them.

BOARD OF HIGHER EDUCATION OF DISCIPLES OF CHRIST TWENTY-EIGHTH ANNUAL REPORT

Decision of Budget Commission

One important piece of evidence that the Disciples of Christ are aroused to their responsibility in higher education was the decision of the Commission on Budgets and Promotional Relationships to permit the colleges and foundations to inaugurate, beginning July 1, 1943, a special program of emphasis of higher education in the churches to the end that a closer and more vital relationship may be established and that each church may write into its budget the college assigned to its area. It cannot be too strongly emphasized that all such contributions to the colleges must represent new and increased giving by the churches over and above the amount which they now contribute in missionary giving. Such increased contributions, for colleges and foundations participating in Unified Promotion, must be labelled "designated over and above percentages."

In reaching this decision the Commission on Budgets and Promotional Relationships demonstrated that the Disciples can surmount fears and tradition and, in their refusal to oppose the appeal of the Board of Higher Education to the Commission, the agencies and boards, too, demonstrated a similar heartening capacity. In the face of crisis men unite—it has been so with all aspects of our Brotherhood life in this critical hour for our colleges.

Higher Education Day

The third Sunday in January is the recognized day in the church calendar of special days to emphasize Christian higher education. Every pastor and every church is urged to build its program for that day around the Christian college or foundation which is nearest. Sermons, Sunday school lessons, prayers, literature, and special features designed to acquaint the people with the work, the needs, and the great contributions of our Christian colleges should be heard or seen in every congregation.

The Pastor in Student Recruiting

In a recent statement, Vice-President Kastner of Capital University makes a most significant observation concerning the pastor's responsibility for sending more Christian students to Christian colleges. He writes:

"In the industrial field it is considered unprofitable to operate a plant at less than full capacity. Good stewardship demands that we take the same attitude toward the operation of a church college. . . . In directing our college-minded . . . (students) to their own schools, the pastor is the key figure. He is the liaison officer, as it were, between his church college and the members of his congregation. He alone occupies the strategic position in which the best recruiting work can be done. He is always on the home front and can make frequent and effective contacts with his college-minded high school students—and it requires frequent contacts to offset the pressure continually exerted on them to go elsewhere.

"The pastor should regard himself as the personal representative of his church college in his community. As such, he should keep in close touch with his nearest church school."

Pastors and churches must share the responsibility when there is a low percentage of our own youth in any one of our church colleges!

BOARD OF HIGHER EDUCATION OF DISCIPLES
OF CHRIST
TWENTY-EIGHTH ANNUAL REPORT

Seminaries

Our seminaries are making rapid progress. Two of them, The College of the Bible and Brite College of the Bible of Texas Christian University, are fully accredited by the American Association of Theological Schools, and two others are in the process of being accredited. All report increased student bodies for the past year. With the loss, however, of ministerial students from the colleges and the constant drain on the ministry from the armed forces, the seminaries will doubtless face difficult times in the years ahead. The church, too, is facing now and will increasingly feel the effects of a drastic shortage of well-trained ministers.

The Officers and Trustees of the Pension Fund are pleased to present herewith the financial record for the year 1942. Total receipts from all sources amounted to \$729,205.88 and the total assets of the Fund were increased \$302,175.70 during the year to \$3,655,264.24.

The Finance Committee, which handles the investments, continued to show a very satisfactory record of earnings which provided income in excess of Actuarial requirements. The year's earned income amounted to \$185,099.99, which was sufficient to credit all reserves with the required earning of 4 per cent, leaving an excess of \$55,166.38 for General Fund purposes. These earnings showed a return of 5.4 per cent from mortgage loans, 5.3 per cent from all producing assets and 5.0 per cent when calculated against all assets. Investments are made principally in First Mortgages on Real Estate, which loans totaled \$2,813,176.29 as of December 31, 1942.

During the year all death, disability, relief and pension claims were met promptly, with a margin remaining for fluctuations and contingencies. Pension Plan reserves were increased \$264,528.79 bringing the reserves to \$2,680,282.79. Pension and Ministerial Relief benefits paid during 1942 were as follows.

	NUMBER	BENEFITS PAID
Beneficiaries in Pension Plan -----	717	\$170,944.84
Beneficiaries in 1919 Pension Fund -----	296	65,103.79
Beneficiaries on Ministerial Relief Roll -----	174	18,154.69
	<u>1,187</u>	<u>\$254,203.32</u>
Direct Dependents of Beneficiaries -----	644	
Total Pension Fund Family -----	<u>1,831</u>	

In addition to these benefits there was disbursed \$18,866.32 on Annuity Agreements and \$31,043.60 in Additional Benefits.

During 1942, the twelfth year of the operation of the Pension Plan, 237 new members began participation, by starting their 2½ per cent dues payments and receiving their Certificates of Membership providing pension and protection coverage. There were 289 new church or salary paying organizations added which began paying the 8 per cent dues on behalf of their ministers.

To meet the emergency of our Chaplains entering the service and resigning from their churches, the Trustees voted to assign a part of the Emergency Million receipts to the payment of 8 per cent dues on behalf of the Chaplains and their families. The 8 per cent dues transferred to the account of Chaplains amounted to \$5,884.68 for the year. This amount will be larger in 1943.

Deepest gratitude is expressed to God for this great year. Appreciation is also extended to all ministers, churches, organizations and individuals who have made this report possible.

STATEMENT FROM THE ACTUARY

GEORGE A. HUGGINS

Consulting Actuary

1025 Witherspoon Building, Philadelphia, Pa.

March 13, 1943

Pension Fund of Disciples of Christ
800 Test Building
Indianapolis, Indiana

Gentlemen:

The complete report on the results of the valuation as of December 31, 1942, together with the accompanying schedules, explanatory notes and recommendations is on file in the office of the Pension Fund.

The results of this valuation show the sufficiency of the members' (2½ per cent) and churches' (8 per cent) contributions to provide for the contractual obligations of the Pension Fund in the form of the current pension payments and the maintenance of the required reserves to meet future pension payments. There is also a margin in the funds available for any adverse trends or contingencies.

The balance in the funds creditable to the 1919 Pension System are sufficient to meet the reserves required on account of the contractual obligations of that system.

The progress of the Pension Fund during the year has been gratifying and we look forward to the day when all who are eligible will be enrolled in membership together with their churches or other salary-paying organizations.

Very truly yours,

GEORGE A. HUGGINS

THE AUDITOR'S LETTER

To the Board of Trustees,
Pension Fund of Disciples of Christ,
Indianapolis, Indiana

Gentlemen:

In compliance with the terms of our agreement, I have examined the accounts of the Pension Fund of Disciples of Christ for the Year ended December 31, 1942, and I herewith present my report.

I verified the cash, all investments and current assets and all funds held by other societies for the benefit of ministerial relief work, not under the direction of the Pension Fund of Disciples of Christ.

Real Estate was accepted at book value without verification other than the inspection of deeds of transfer and other evidences of ownership submitted to me.

Office Equipment has been depreciated to \$7,084.24 to conform with the action of the Board taken on June 24, 1938.

A current liability for deposits by ministers and others in the "Additional Benefits Department" is shown on the Balance Sheet. These deposits draw interest at the rate of 4 per cent per annum and are subject to withdrawal on 30 days' notice or may be invested with the Corporation to earn additional benefits.

THE PENSION FUND
FOURTEENTH ANNUAL REPORT

Reserves and fund balances are based upon findings by the Actuary for the Corporation who has made a report of his studies of requirements of the several funds as of December 31, 1942.

It is not the practice of the Corporation to set up at the close of the year accounts receivable for delinquent or accrued interest or to set up accounts payable for accrued annuities. With these exceptions, all known assets and liabilities are included in the accounts. The Corporation owes no notes to banks.

My examination was directed mainly to verification of the assets as shown by the books. I did not make a complete detailed audit of all cash receipts and disbursements. I did, however, make a series of test checks sufficient to satisfy me that all recorded cash had been deposited in banks and that all withdrawals from banks had been properly charged into the accounts.

I hereby certify that, in my opinion, subject to the comments herein contained, the accompanying Balance Sheet and statements of fund analyses correctly present the financial condition of the Corporation at December 31, 1942, and its operations for the year ended with that date.

Respectfully submitted,

STEPHEN S. YEOMAN, C.P.A.

Member American Institute of Accountants.

AUDITOR'S CERTIFICATE

Indianapolis, Ind.
January 14, 1943

To the Board of Church Extension
of Disciples of Christ,
Missions Building,
Indianapolis, Indiana

I have audited the accounts of your Board for the calendar year 1942, and herewith present my report.

I verified the cash, the loans to churches, and other current assets. All known liabilities are included in the accounts.

I hereby certify that, in my opinion, the balance sheet and statement of income and expense correctly present the financial condition of the Board at December 31, 1942, and the operations of the General Fund for the year ended with that date; also, that the analysis of fund accounts presents a correct summary of transactions affecting all fund balances for the year.

Respectfully submitted,
STEPHEN S. YEOMAN, C. P. A.

The National Benevolent Association of the Christian Church

1602 Landreth Building, St. Louis, Missouri

FIFTY-SIXTH ANNUAL REPORT

J. Eric Carlson, General Secretary, St. Louis, Mo.

(For complete directory of this organization, see page 104.)

The National Benevolent Association of the Christian Church is pleased to present herewith its fifty-sixth annual report, covering the year which closed June 30, 1943.

In spite of the difficulties encountered because of war conditions, such as food rationing, gasoline and tire rationing, and the shortage of labor, each of our twelve Homes has carried on efficiently and none of our large family of children and aged people has suffered undue privation. The superintendents of these Homes have given heroic service as they have faced and solved serious problems almost daily. The brotherhood is greatly indebted to each for her unselfish devotion to her task.

During the year 1104 needy persons received total care while living in our twelve Homes. Of this number 791 were children, 266 were aged men and women whose church membership totaled 11,894 years, and 47 were mothers who were aided in their effort to readjust themselves to new situations brought on by some kind of tragedy in their lives. Our Homes served 51 more persons this year than last. We are constantly receiving inquiries from aged men and women concerning admission to one of our Homes. More than a thousand children were referred to other agencies because we could not receive them. The principal reasons for not accepting these children are: our Homes were not equipped to give the type of care needed; many had a larger claim upon some other agency or institution; there was a lack of room for a particular age child; they did not come within our age limit requirements; and finally, a lack of sufficient funds to maintain a larger family. At the close of the year the waiting lists of our six Homes for the aged contained the names of 40 approved applicants, each of whom needed the love, companionship and protecting care of one of these Homes.

The financial record for the year was one of the best in the history of The National Benevolent Association. Total receipts for maintenance from churches, church organizations, and interested individuals, amounted to \$323,393.19, which represents a gain of \$75,436.59 over the previous year. The 1942 Christmas offering was the largest we have ever received and totaled \$170,866.63, which represents an increase of \$40,689.47 over last year. Gifts by annuity during the year amounted to \$43,533.34. Gifts by bequest amounted to \$110,125.79. We are very grateful to a great brotherhood for an increasing support of this Ministry of Mercy which has enabled us to meet rising costs of all commodities used by these Homes and the necessity for increasing wages and salaries to keep our organization personnel intact and these Homes operating in their usual efficient manner. Churches, church organizations, and interested individuals have made real progress toward the goal of "current giving for maintenance equaling current cost of operating" these Homes, but, because of conditions outlined above, there still remains a

rather large sum of money which must be provided from sources which should be accumulating for the inevitable time when major improvements and repairs will have to be made to our present buildings, and the expansion of our work as time and circumstances may dictate. We confidently believe the friends of this great cause will increase their support next year and make it possible for us to "hold our own" against the rising tide of increasing cost for operating these Homes.

We are particularly pleased that our list of Front Line churches totaled 171 this year, a gain of 51 over last year, the largest gain we have ever had in a single year, for this most important group of churches, each of which contributes \$300 or more per year for the work of the National Benevolent Association. Many smaller congregations contribute just as generously as the Front Line churches, according to their membership, and for their generous support we are most grateful, even though their total does not reach the \$300 mark.

In spite of the uncertainties of war and the constantly mounting pressure upon our people from many sources, we confidently believe our great brotherhood will REMEMBER THE NEEDY IN THE CARE OF THE CHURCH. We believe you share with us the conviction that the families living in these Christian church Homes have a prior claim upon the generosity of Christian church people. These helpless children and needy aged folk have no other source to supply their daily needs, YOUR GIVING IS THEIR LIVING.

We are glad to report that the fund for the boy's cottage at the Southern Christian Home in Atlanta, has grown to over \$10,000.00, and we are sure that the money needed for the completion of this most worthy and greatly needed project will be in hand by the time it is possible to secure the necessary building materials.

The Commission on Budgets and Promotional Relationships, at its annual meeting in May, 1943, approved the askings of the National Benevolent Association to raise \$50,000 in the northeastern area for the building of a new addition to our Emily E. Flinn Home at Marion, Indiana. This improvement to our property there will double the capacity of the Home and enable us to care for both aged men and women. The waiting list of our Emily E. Flinn Home has averaged about 20 and many needy aged persons have not applied because their need was too urgent to wait as long as necessary to be admitted, and many needing the care offered by the National Benevolent Association have been admitted to our Florida Christian Home in Jacksonville, Florida. Here is one of the greatest needs of the N. B. A. at this time and we believe that our churches in the northeastern area will be glad for the opportunity of sharing in the raising of this fund to make possible this expansion of our work within the area.

On June 1, 1943, Mr. Lee W. Grant retired as Treasurer and Counsel of the National Benevolent Association of the Christian Church. Mr. Grant drew up the original charter for this Association and has been vitally connected with its growth from its beginning. He became Treasurer in 1905, serving without salary for thirty years. In 1935 he accepted the invitation of the N. B. A. to become its full time Treasurer and Counsel, thus Mr. Grant served the Association in various capacities over a period of some fifty years. No person now living has made so large a contribution to the growth of this great agency, which in its history has been the medium of a great brotherhood for providing every needed care for more than 20,000 needy children and aged people.

THE NATIONAL BENEVOLENT ASSOCIATION OF THE CHRISTIAN CHURCH ANNUAL REPORT

Mr. Hobart L. Fosher, who served as assistant Treasurer for two and a half years, has been made Treasurer of the Association succeeding Mr. Grant. Mr. Fosher was employed for twenty years in the Trust Department of the Mississippi Valley Trust Company in St. Louis and is eminently qualified to assume this important position.

Mr. E. H. Koch, who served this Association faithfully and effectively for about five years as its area representative in the southeastern states, has found it necessary to give up his work.

It is with a profound sense of loss we must report that during the year one of the staunchest and most faithful friends of the N. B. A., Mr. S. H. Thomson, passed away after a lingering illness. Mr. Thomson served as a Vice-President and member of the executive committee of the Association for many years and gave valuable leadership in its work.

Mr. J. W. Warren, of Denver, Colorado, passed away in January 1943. It was Mr. and Mrs. J. W. Warren who gave to the N. B. A. a Colorado farm near Loveland, for the purpose of building a Home for Children. This gift of 200 acres has been multiplied until today it has grown into the very lovely Colorado Christian Home, located in a choice residential section of Denver, serving annually about 75 children.

We feel that it is of utmost importance that these twelve Brotherhood Homes continue to operate to capacity and that the National Benevolent Association prepare to meet the vast inevitable calls for service which will be a part of the postwar period. These eager, wistful, expectant faces of YOUR OTHER FAMILY look to you to supply their every need, they know and we know that you will not disappoint them. You will remember them at Christmas and ALL THROUGH THE YEAR.

Association for the Promotion of Christian Unity

THIRTY-THIRD ANNUAL REPORT

George Walker Buckner, Jr., Executive Secretary, Indianapolis, Indiana

(For complete directory of this organization see page 105.)

The Association for the Promotion of Christian Unity has, through its thirty-three years of existence, witnessed the development of an insistent trend toward closer cooperation and unity on the part of individual churches and of church bodies. That trend has never been stronger than at present. This is apparent in the tone and temper of interdenominational gatherings of our times. It is seen also in the mergings of church bodies which were formerly separate and distinct. It is further evident in the impatience with which members of the younger churches of the mission field regard the obstacles placed in their path of cooperation by virtue of their inheritance of the denominational differences of the older churches of Europe and America. The growing effectiveness and prestige of recognized agencies of Christian cooperation on city, state, and national levels are other evidences of the rising tide of the church's concern for unity.

The Association for the Promotion of Christian Unity, working through its twenty-five commissioners, chosen by the International Convention, has sought in many ways to stimulate this inevitable trend toward the Christian cooperation and toward the ultimate goal of a united church. In the past year the president and the executive secretary have on behalf of the Association participated in numerous conferences, conventions and other gatherings of ministers and laymen. Literature has been prepared and distributed and articles interpreting the Christian unity movement have been prepared for the religious press.

Increased financial support brought the funds available for the Association's work to \$1,903.27, a gain of more than \$300 over the previous year. In addition to providing for necessary expense in connection with publicity and printing, conference travel and travel of Disciple members of the Federal Council's executive committee, the Association made from its modest budget contributions of \$200 to the World Council of Churches, and \$300 to the Federal Council of Churches of Christ in America. The Association also contributed to the work of the Federal Council the amount of \$421.87 it received from the Emergency Million campaign. This was in addition to an amount of \$418.27 contributed from the same source the year before.

The Association joined the Federal Council in sending a letter to 3,400 Disciple ministers, asking them to call upon their congregations to give place in their annual budgets both to the Federal Council and to the World Council of Churches. The Association seeks to develop support of these two great Councils with the conviction that through them the spirit of God is powerfully at work in America and throughout the world, seeking to bring the many branches of his church into visible and organic union.

The National City Christian Church Corporation

Promotional Office, 2700 Pine Street, St. Louis 3, Missouri
(For complete Directory of this organization see page 107.)

ANNUAL REPORT

The year 1942-43 at National City Christian Church has been a busy and profitable one. Its influence in the nation's capitol during these critical days is growing steadily. Hundreds of young people from all over the country are finding the Brotherhood's Church, their church home for the duration at least. Dr. J. Warren Hastings, the pastor, completed his first year's work in August, and the new year began with a full program. Washington is now a very crowded city, more so than at any other time in its history. There is a greater need for the church and its services. National City is meeting this need in a real measure.

In July Benton Roy Hanan, Jr., became the associate-minister coming to this church from San Antonio, Texas. Mr. Hanan is already promoting a program for the young people.

The year December 4, 1943 to December 4, 1944 will be a year of real celebration for this great church. It marks the one hundredth anniversary of the congregation, which began its worship together in the home of Dr. James T. Barkley, with but six Disciples present.

The Commission on Budgets and Promotional Relationships at its annual meeting in May, voted approval of a program during the anniversary year to endeavor to raise \$100,000.00 to apply on the debt of this, the brotherhood's church in the capitol city. Plans are going forward on this program.

BUDGETS REVIEWED

(To conserve space this report is brief. Details may be had from Associate Secretary.)

National Agencies

Voted: Approval of the United Christian Missionary Society's report as submitted.

Voted: Approval of the Pension Fund report as submitted.

Voted: Approval of the Board of Church Extension report as submitted.

Voted: Approval of the amount of \$290,510.48 plus the regular 15 per cent increase over last year's receipts as the approved askings of the National Benevolent Association.

Voted: Approval of the report of the Association for the Promotion of Christian Unity as submitted.

Voted: Approval of the spending budget of Unified Promotion in the amount of \$57,734; askings from the churches amounting to \$1,521,500.00; a special war time service asking amounting to \$250,000.00.

Voted: Approval of the regular report of the National City Christian Church Corporation as submitted.

No reports were received from the World Convention, the German Evangelistic Society, the Christian Foundation, the International Convention (no formal report), the Board of Higher Education, and the National Association of State Secretaries.

State and Regional Agencies

Reports were received from 32 states. In general these reports were quite complete and satisfactory. Approval was given to: Alabama, Arkansas-Louisiana, North California, South California, Capitol Area, Florida, Georgia, Illinois, Indiana, Kansas, Minnesota, Mississippi, Missouri, Montana, Nebraska, New York, New Mexico & S. W. Texas, South Dakota, Ohio, Oklahoma, Texas, Utah, Virginia, West Virginia, Wyoming, South Carolina.

Commendation is due to Illinois and Indiana for continued substantial reduction of their debts.

South Idaho is approved on the basis of their new settlement.

Reports of Canada, Iowa, Michigan and North Carolina were incomplete but approved so far as they are complete.

Not reporting to the Commission this year: Arizona, Kentucky, New England, Oregon, Pennsylvania, Tennessee, Washington-North Idaho and British Columbia, Wisconsin.

Colleges, Universities and Foundations

Voted: Approval as follows:

Atlantic Christian College: Approved; Bible College of Missouri: Incomplete; Bethany College: Approved; Butler University: Not quite complete, with no askings; Christian College: Incomplete, no askings; Disciples' Divinity House, University of Chicago: Approved, no askings; Drake University: Approved the askings at \$13,800.00; Drury School of the Bible: Incomplete, with no askings; Eureka College: Approved; Illinois Disciple Foundation: Approved; Indiana School of Religion: Approved at \$1,000.00; Kansas Bible College: Approved \$2,875.00; further askings by agreement in the area; Lynchburg College: Approved as covered by the agreement of the Board of Higher Education; Nebraska Christian Foundation: Incomplete with no askings; Phillips University: Approved, no askings; Texas Christian University: Approved, Transylvania University: Approved; College of the Bible: Approved, with no askings; William Woods College: Approved; College of the Churches of Christ in Canada: Approved.

The following institutions did not submit reports this year: Chapman College, Culver-Stockton College, Iowa Students Center, Kappa Beta.

Note: That it is a standing rule that all agencies' askings should not exceed 15 per cent over last year's receipts of those agencies.

It was **voted** to reaffirm the resolution requesting each agency to publish in its annual report, detailed information as to its investments.

It was **voted** to reaffirm the action of the Commission taken some years ago protesting against any plan, "which means the making, continuing, or increasing of an annual deficit in any organization," and asked the continued cooperation of agencies not yet identified with Unified Promotion in the hope that ultimately all of the agencies may become affiliated with this central receiving board.

Commission members whose terms expired in 1943 were renominated for a term of three years as follows: Hayes Farish, A. B. Keller, and A. M. Pennybacker.

The following officers were elected: Ray E. Hunt, Chairman; F. H. Groom, Vice-chairman; Graham Frank, Secretary; Daisy A. Flook, Associate-Secretary; Lin D. Cartwright, Treasurer.

Voted: To approve the request of the Board of Higher Education special campaign for the raising of \$110,000.00 for the support of our colleges to be a part of the regular local church budgets, offering above the regular contributions to other agencies. We urge that every safeguard be made to see that the total amount raised be new money not now being contributed by the churches to other causes.

Voted: Approval of the special asking of the National Benevolent Association for \$50,000.00 for the Emily Flinn Home building, with solicitation to be in the area of that Home.

Voted: That since the National City Christian Church Corporation already has the privilege of designated gifts from local churches, we approve the campaign for approaches to raise \$100,000.00 from individuals during year

Unified Promotion

ANNUAL REPORT

C. O. Hawley, Director, Indianapolis, Irvington Station, Box 5636, Indiana

(For complete directory of this organization see page 107.)

(Following the request of the International Convention, this report is made to that body through the Commission on Budgets and Promotional Relationships, under whose guidance Unified Promotion functions.)

I. Spiritual Priorities

"When war comes, an inescapable urgency is upon us, saying, some things must be maintained, no matter what else has to be foregone. Is the Christian Church among such priorities? That question confronts millions of us now—is the Christian fellowship of our local congregations, part of the wider fellowship in Christ that reaches around the world, one of the priorities that must not be allowed to break down in its program and ministry, but that despite war and chaos, a shaken earth and a threatened civilization, may, all the more because of them, must be maintained.

"Amid this prodigious physical output—bombing planes, tanks, battle-ships, and all the rest—the basic need of the world is still spiritual. Indeed, our modern scientific competence has so outstripped our spiritual control, that, like drunken drivers, we human beings are ruining ourselves with magnificent machines.

"But now when forces arise, saying, Have done then with Christianity; let us make anti-Christianity the law of life and the governing force in the world—well! For my part I find my criticism superficial, and my belief in Christ and what he stands for, in his Church, and what it is trying to do, fundamental. It is the best we've got. It enshrines the noblest spiritual traditions of the race. It conserves the most needed faiths of men's souls in God and the sanctity of human life. It must not be allowed to fail, for with it would fall the fairest hopes of the human race. Surely the Church is among the priorities." (This material from a pamphlet written by Dr. Harry Emerson Fosdick.)

II. Stewardship Now

The church must be strong to guide, not only now in the midst of unprecedented conflict and chaos, but in the years of reconstruction and rehabilitation of a confused world. If the church is to meet the responsibility of this hour, it must be by the strongest support of Kingdom interests. If the stewardship of democracy calls out every sacrifice of the average citizen, the stewardship of Christianity challenges even greater sacrifice from the Christian citizen. Christian stewardship in war time will be the acid test of the reality of our conviction that the church of Jesus Christ is of supreme value in our world. The challenge is *stewardship now*.

Such an urgency guided the Stewardship Committee in planning for the year. The program continued on the same fundamental bases as were projected in previous years. This gave opportunity for deepening impressions, pressing toward definitely outlined goals, greater emphasis upon commitment.

A. Objectives

1. A continued emphasis upon education in all areas and age levels of the church.
2. A greater emphasis upon personal enlistment areas and responsibility.
3. A greater emphasis upon the claims of the church to service, energy and support that the needs of the world may be met.

B. Standards of Observance

1. Guide the local church—the church board, Christian education committee, Women's Missionary Society, and other groups—to study the stewardship status of the membership and the church in all its relationships.
2. Evaluate the stewardship education program of the church and its various groups and plan a definite and comprehensive program of education to reach all age levels and areas of church life through:
 - a. Preaching Stewardship
 - b. Teaching Stewardship
 - c. Enlisting Proportionate Givers

C. Periods of Special Emphasis

1. Stewardship Month—October.
2. Stewardship and the Family—May 2-9.
3. Stewardship and Tithing—April 25-June 13.

D. Literature

To provide such literature for preachers, church leaders, age-level groups, and individuals that we may continuously offer materials that will assist in a comprehensive educational program in the local church.

E. Commitment

The first emphasis offered an opportunity for the enlistment of proportionate givers. The second presented the opportunity for commitment by families to stewardship enlistment and practice. The third called for enlistment of tithers.

III. Every-Member Canvass

A. Stewardship and the Canvass

The attempt to divorce stewardship promotion and money-raising is a mistake. The identification of stewardship with money-raising is even a worse mistake. To set up a stewardship program just to secure more money is doing an injustice to a great principle. Stewardship should not be used to raise money but money-raising should be used to teach stewardship. To make the canvass effort a major stewardship promotion aid is an ideal solution of a hard problem. We learn by doing.

B. Unified Promotion endeavors to assist churches in the development and operation of a plan of finance in harmony with stewardship plans that will develop Christian persons and adequately undergird the church in the community, the state, the nation and the world.

C. The United Canvass

This year Unified Promotion urged our churches to cooperate in the United Church Canvass which was launched by the Interdenomination Conference on the United Church Canvass.

This plan for a community-wide Every Member Canvass grew out of a realization of the need for strengthening the spiritual foundations of our coun-

try in these war days. Now, more than ever before, the spiritual forces of America must be effective. The future of our country depends largely upon them.

IV. Special Days

The report of the giving of the Sunday schools shows an increase of \$42,426.11 over the previous year and 76 more schools were represented in the offerings. This was due to increased activity in the promotion of the special days and to the personalized approach to the Sunday schools and churches in their behalf. This approach consisted of, first, the enlistment of a large number of people as volunteer promoters of the special day program in churches and Sunday schools not observing them; second, the popularizing of the materials available for promotion in schools and churches; third, the devising of the plan of saving through offerings devices for special days. The directors of religious education and the state representatives have rendered invaluable service.

V. Brotherhood Dinner

This year January 20 was the date of the Brotherhood Dinner. It was an occasion of extensive Christian fellowship. The theme was "Humanity Hungers." The purpose was to encourage a sense of awareness and responsibility for suffering humanity in war-torn areas.

The event was promoted by the Committee on Relief Appeals. The offering was for the following agencies: American Friends Service Committee, Y. M. C. A., War Prisoners Aid, American Bible Society, Church Committee for China Relief, Y. W. C. A. World Emergency Fund, American Committee for Christian Refugees, Central Bureau for Interchurch Aid, International Missionary Council Orphaned Missions Fund. Thus far \$36,728.47 has been received. This is the most worthy demonstration of Christian brotherhood coming from our people in many years.

VI. Publicity

The state and national publications have been very generous in giving space to material in support of the regular work of the cooperating causes and of Emergency Million. Such publicity is valuable in carrying the information to a large per cent of our constituency. Unified Promotion appreciates their cooperation.

VII. Financial Report

A. Gain in Offerings:

The offerings from the Churches, Sunday Schools, Christian Endeavor Societies, Missionary Organizations and Individuals for the year July 1, 1942, to June 30, 1943, comprising the amount reported by the cooperating agencies as well as the amount received directly by Unified Promotion applying on percentages totaled \$1,236,581.51, which was a gain of \$154,136.96 or 14.24 per cent over offerings from the same sources the previous year. The offerings designated over and above the percentages totaled \$181,908.13 which was \$90,780.78 more than last year.

B. Expenses:

An expense budget of \$54,022.00 for the year, July 1, 1942, to June 30, 1943, was approved by the Commission on Budgets and Promotional Relationships of the International Convention. \$45,688.92 was expended during this period. The expense budget is provided by the cooperating agencies on a percentage basis.

C. Auditor's Certificate:

Indianapolis, Indiana
March 25, 1943

To the Board of Directors,
Unified Promotion, Inc., Disciples of Christ,
222 S. Downey Avenue,
Indianapolis, Indiana.

I have audited the accounts of Unified Promotion, Inc., Disciples of Christ, for the period from February 1, 1942 to January 31, 1943; and have proven the correctness of all ledger account balances as of January 31, 1943.

I have found that all receipts have been properly recorded and distribution has been made according to the principles set forth in the By-Laws. I have also found that the expense of Unified Promotion, Inc., has been properly allocated to the cooperating boards and agencies and the funds correctly handled.

In my opinion the records have been properly kept for the period under review.

VIII. Emergency Million

Emergency Million for Life and Work was launched July 1, 1941, in response to a twofold crisis:

The first emergency faced by the world causes of the brotherhood deals with that of the continuing work. The cost of carrying forward the regular task of the world service of the church had mounted in an alarming manner. The years of depression caused heavy losses in offerings with the result that the staffs were depleted and many phases of the work placed in jeopardy. In times of national and international crises the continuing work must be supported increasingly. The organizations administering these causes must be strengthened so as to weather the present storm and the economic uncertainty following the war.

The second emergency deals specifically with those factors resulting from the war. What is the church going to do about its witness to men in military service. How is it going to carry its message to countless men, women and children who are found in defense communities? What is it going to do about the physical and financial hazards of the missionaries and nationals? Will it close its ear to the call for increased educational and evangelistic witness?

Since the beginning of Emergency Million the world has passed through crisis after crisis, each day intensifying the seriousness of the situation. Such developments added amazingly to the significance and outreach of Emergency Million.

Emergency Million was launched under the supervision of Unified Promotion. The Board of Directors was the national committee. C. O. Hawley served as director of the movement, and was ably assisted by Mrs. H. B. Marx, Virgil A. Sly, Milo J. Smith and Miss Jessie M. Trout as associate directors. The national and state secretaries, the national directors, and the representatives of colleges cooperating in Unified Promotion, together with home and foreign missionaries composed the field staff. This group gave generously and sacrificially of their time to the special task during the two years of the movement.

The field activity may be classified as national, state and local church meetings. Following the presentation in the local church, the worker making the visit called upon a number of the members for gifts accompanied by the pastor or some other leader.

During the closing months of the movement Victory Unit Books were made available and many groups within the churches successfully used this approach for securing additional units in Emergency Million.

Every church was given an opportunity to have a part in Emergency Million even though it was impossible for a special worker to visit them. This was accomplished through an appeal to every church to have a part, and special material and a device were made available. Many churches responded nobly to this procedure.

A vital portion of the procedure was publicity. This function was performed through "A Prospectus," The Ministers Bulletin, folders for distribution, and articles in the *World Call*, *The Christian Evangelist*, and the state papers. Through these channels the current story of the movement was told, including a continual emphasis on the urgency of the intensified emergencies for life and work.

UNIFIED PROMOTION ANNUAL REPORT

73

From the beginning it was understood that the allocations to each co-operating agency was based upon emergency needs. The total goal was \$1,000,000.00. The total in pledges as of June 30, 1943, was \$1,052,525.00. The total of pledge payments as of June 30, 1943, was \$931,422.05. Now the task is to exceed the million dollars in cash. In Emergency Million it was the privilege of the workers to visit in many thousands of homes. This was the first time in years that such a house-to-house visitation had been a part of the program of the causes. This in itself constituted a great blessing and has been of tremendous value in arousing interest in the total work of the church.

One pastor has said: "No sooner had we achieved our goal than we made this discovery—we had received more than we had given. To the congregation it gave new faith in the fact that we are banded together in a great cause. A new spirit of adventure has seized our people for we are able to accomplish this and we can do other things as easily. Further it gave us a new interest in the affairs of the Brotherhood and we love the Brotherhood. To the new minister—it served to acquaint him with the sympathies of his new parishioners. To be welcomed so warmly by his members was worth the bit of effort upon his part to accomplish the task. Yes, sir! It did us good!"

This was a venture of faith for God. The emergencies were genuine; the response of minister and the members of the churches has been gratifying. Approximately 3,000 churches and 35,000 individuals have shared in this achievement through prayers and gifts. Indeed, we salute these faithful followers of Christ who have made possible the victory. The ministers deserve a very large portion of praise for their cooperation and leadership.

Report of the Commission on Restudy of the Disciples of Christ

William F. Rothenburger, Secretary, Indianapolis, Indiana

(For complete Directory of this commission see page 108.)

The Commission on Restudy dates from the Des Moines Convention in 1934. Well may we ask what has been accomplished during these nine years.

I. Some of its findings are as follows:

1. That men holding diverse theological opinions and pursuing different missionary policies, by conferring together can thereby enlarge their common denominator of interest, fellowship and understanding.
2. That the major concern of the rank and file of the Brotherhood is to bring His kingdom to the earth as it is in heaven. The outstanding success of the Emergency Million Movement has been a panoramic testimony to their faith in this possibility.
3. That two major forces which largely determine our solidarity or the lack of it are our journalism and our ministry.
4. That our present dual convention is divisive and fraught with great potential danger.
5. That the General Convention created by the Brotherhood in 1849 can and should be made sufficiently inclusive of the essential Brotherhood life as to meet all its convention needs. (See the Commission's report in the 1942 Year Book.)
6. That from men of all types of theological opinions and missionary policies comes the expressed belief that the commission is an essential part of our current communal life and should be continued.

II. Some things we can all do toward unity:

1. Each disciple can get right with God and fill his soul with the spirit of tolerance and brotherhood.
2. Our journalism can desist from labeling individuals and groups with divisive terms; cultivating instead, a spirit of unity among its readers by constructive pronouncements.
3. Pulpit utterances can be distinctly constructive and Christian, thus engendering a spirit of fellowship and harmony among laymen. An annual exchange of pulpits of various schools of thought could be made the source of great influence toward a better mutual understanding.
4. We can well afford to revive some of the traditional slogans of the fathers, such as "in essentials unity—" "freedom of personal interpretation," "the autonomy of the local church," "where the Scriptures speak," etc.
5. We can see the utter futility of a divided church assuming to preach unity to a divided world; and the paradox of a divided Brotherhood pleading for a united church and a peaceful world until it restores peace within its own household.

Therefore the Commission plans to continue its efforts toward a united Discipledom.

Wm. F. Rothenburger, Secy.

"We live in a desperately confused and suffering world. Our happiness is bound up with that of our fellows; things will not right themselves. Hate and fear will not vanish automatically. What is needed is a Christian crusade in love to conquer the world for Christ, which is only another way of saying to bring in the reign of brotherhood. For you and for me that must begin in our community."

Home and State Missions Planning Council of Disciples of Christ

Purpose and Scope

It shall be the purpose of this council to study the home missionary needs and opportunities of the United States and Canada, and, on the basis of these, to prepare and make available to member organizations plans, programs and materials; also to encourage the correlation of all home missionary activity of the Brotherhood. The council shall at no time usurp the administrative functions of its constituent agencies.

While realizing that the home missionary enterprise shares responsibility with certain other Christian agencies and forces in the Christianization of the United States and Canada, home missions is conceived to have a large and vital responsibility in the following areas of church life:

1. Local church organization, program, activity and life.
2. The placement and encouraging of an effective ministry.
3. Evangelism.
4. Christian stewardship.
5. The rural church.
6. The city church.
7. Sustenance and supervision of mission churches.
8. The planting of new churches in unchurched areas.
9. A ministry to underprivileged and racial groups.
10. The promotion of Christian citizenship.

THERE IS A FAITH—

THERE IS A MESSAGE—

THERE IS A POWER OF LIFE—

THERE IS AN EXPERIENCE
OF GOD—

THERE IS A CROSS—

which creates

the determination to give the gospel of Christ in all of its fullness and the service of Christ in all of its implications to every man, woman and child, regardless of creed, color or condition, throughout the wide, wide world.

STATISTICAL TABLE

REGULAR AND SPECIAL OFFERINGS

All offerings listed here are for the twelve months' period, July 1, 1942, to June 30, 1943, except as otherwise noted. Offerings to causes cooperating in Unified Promotion, offerings to national and state organizations and colleges not in Unified Promotion, benevolent and emergency relief offerings are reported in this statistical table and are included in the "Total Offerings," upon which the average per capita has been figured. "Special Offerings," covering amounts contributed as special funds to Unified Promotion causes are included in the Unified Promotion offerings reported in the column headed "Designated Offerings," which designated offerings become a part of the amount shown in the "Total Offerings."

Emergency Million gifts received by Unified Promotion up to and including September 22, 1943, are shown in a special column headed "Emergency Million Gifts." Such Emergency Million gifts are not taken into the total offerings nor used in figuring the average per capita. The amounts in such column preceded by one * indicate churches which have pledged their Emergency Million goal. Those preceded by two ** indicate churches which have paid an amount equal to or exceeding their goal.

In addition to report of offerings, the statistical table carries information, when reported, for each church listed showing Church Membership—Resident and Non-Resident; Total Membership Local Missionary Organizations—By Baptism—Otherwise; Total Bible School Enrollment; and Total Amount Given by Local Church for Local Expense.

In connection with the use of the statistical table please note the following:

Note A. A list of the organizations cooperating in Unified Promotion, together with the mutually agreed percentages which such organizations received from the undesignated and specific offerings made to the causes cooperating in Unified Promotion, for the year ending June 30, 1943, is shown at the beginning of each state. The percentages used by Unified Promotion as shown at the head of each state are those approved by the Commission on Budgets and Promotional Relationships of the International Convention and mutually agreed to by the various causes cooperating in Unified Promotion. They have not been arbitrarily determined, but have been worked out mathematically on the basis of the actual giving to the cooperating causes in the state during the five fiscal years closing June 30, 1934. In cases where no percentage is shown, no offerings were made in the state to this cause during the five-year period, other than the National City Christian Church.

Note B. The National City Christian Church, while cooperating in Unified Promotion, does not participate on a percentage basis in the undesignated offerings, but receives only offerings "Designated" for such cause. These "Designated" gifts are included in the Unified Promotion "Designated Offerings" column, and are part of the "Total Offerings."

Note C. Offerings received from Children's Missionary Organization groups are included with the offerings received from Adult Missionary Organizations and the totals of such offerings are included in the column headed "Adult and Children's Missionary Organizations." Offerings received from "Unified Children's Groups" in the local church are not classified as a part of Missionary Organizations and are not included in any column, but are shown at the end of the state with the name of the church to which such group belongs. The amounts thus shown are included in the "Total Offerings" column for each church, and are, therefore, considered in figuring the "average per capita."

Note D. The column formerly headed "Christian Endeavor and Unified Youth Groups" is now headed "Youth Groups" and such column carries offerings from Christian Endeavor societies, Unified Youth groups, circles, triangles, and Youth Fellowship groups. In the case of Ohio statistical table, offerings made by the Ohio Youth Groups are represented at the end of the Ohio statistical table under the caption, "Ohio Youth Missionary Project Gifts."

Note E. Since the National Benevolent Association does not cooperate in Unified Promotion, offerings made by churches to National Benevolent Association and Homes are shown in a column headed "Offerings to National Benevolent Association and Homes," except offerings from churches in Kentucky, such offerings being shown at the foot of the Kentucky statistical table.

Note F. In states or provinces where the state society in the area is not cooperating in Unified Promotion, any offerings made by a church or province to such state or provincial society are shown in the column headed "Offerings to State or Provincial Society not in Unified Promotion." Offerings to Colleges not in Unified Promotion" are listed at the end of the state or provincial table.

EXPLANATORY NOTE FOR STATISTICAL TABLE

NOTE NO. 1: The publishing of the following list of churches in the Year Book is not an attempt to set up an official or complete list of churches belonging to or affiliated with the Disciples of Christ, approved by state or provincial secretaries, but it is a list of churches which according to the best knowledge of the Year Book Publication Committee at the time the Year Book went to press, but such minister may not necessarily have been minister of the church shown in the Year Book.

NOTE NO. 2: The name of the Post Office for the churches shown in these statistical tables is the same as the name of the church, unless otherwise indicated, in which case the Post Office address of the church is shown last.

NOTE NO. 3: The name of the minister shown in the second column of the statistical table is the minister of such church according to the best records of the Year Book Publication Committee at the time the Year Book went to press, but such minister may not necessarily have been minister of the church shown during the offering year ending June 30, 1943.

†The miscellaneous missionary, benevolent and emergency relief offerings shown in this statistical table consist of offerings made to independent missions, charity, Red Cross, Near East Relief, American Bible Society, Federal Council of Churches of Christ, International Council of Religious Education, Committee on Relief Appeals, and World Council of Churches, Community Chest, Committee on Relief Appeals, and to any other agency or cause to which the church has contributed during the year except organizations reporting to the International Convention of Disciples of Christ.

SUMMARY OF
The Annual Statistical Report
For the Year Ending June 30, 1943

This Year Book carries statistics for the year July 1, 1942 to June 30, 1943 inclusive except as otherwise noted. A report by churches of the offerings to the causes cooperating in Unified Promotion; to the National Benevolent Association and Homes; to colleges *not* in Unified Promotion; to state and provincial societies *not* in Unified Promotion, and the miscellaneous missionary, benevolent and emergency relief offerings are shown in the "Statistical Tables" on pages 264 to 571. In addition, a column is shown this year reporting the amount contributed by individuals in each of the churches to the Emergency Million fund. The "Statistical Tables" also report on "church membership" both resident and non-resident; "total membership local missionary organizations"; "additions" by baptism and otherwise; "Bible school enrollment" and the total amount given by the local church for local expense, all of which data are furnished by the church itself, except that the membership of the local missionary organizations is furnished by the secretary of missionary organizations-education for each state. The offerings made to the various organizations covered by this Year Book are reported to the Year Book Publication Committee by such organizations and their figures are used in compiling these "Statistical Tables."

A United States double post card was sent to each church on which was listed the complete assembled data with a request that on the return portion of the card advice be sent to the committee as to any additions, eliminations or corrections which should be made. Thus each church reported in this Year Book was given opportunity to make any necessary corrections in the report before publication of the Year Book.

The following are the outstanding facts revealed by the 1943 Year Book:

1. The total *world* membership of Disciples of Christ is 1,842,123, a gain over the world membership of last year of 4,311. The total membership in the United States and Canada is 1,679,012, a gain compared with last year of 14,069.

2. Our total Bible school enrollment for the world is 1,067,302, a decrease over last year of 64,459, and for the United States and Canada, 1,008,588, a decrease over last year of 65,695, or 6.12%. This is the fourth consecutive year the Bible school enrollment shows a decrease, indicating a downward trend in Bible school attendance.

3. Baptisms reported by Year Book reports received by the Year Book Publication Committee from churches in the United States and Canada for the year ending June 30, 1943 total 46,760, a decrease of 3,294 compared with last year. Illinois churches report the largest number of baptisms, a total of 4,526, an increase of 209 over last year. Indiana follows with a total of 4,348, an increase of 199 compared with last year.

The number of baptisms reported in foreign countries for this year total 5,439, an increase of 1,327 compared with last year. The records show *reported* additions by baptism throughout the world (United States and Canada and foreign countries), 52,199 compared with 54,166 last year, a decrease of 1,967. Failure to make reports, on the part of churches, undoubtedly is responsible for the decrease in the number of baptisms reported for the United States and Canada.

4. The total number of churches reported throughout the world is 8,939, which is an increase over last year of 63, and for the United States and Canada, 8,050, an increase of 48. Twenty-six organizations such as Bible

schools and missionary organizations where there is no church are listed in this Year Book, a decrease compared to last year of five.

5. The reports for the United States and Canada show 7,801 ministers compared with 7,693 last year, an increase of 108.

6. During the year beginning July 1, 1942 and ending June 30, 1943, the *total* monies given by the United States and Canada to the national boards reporting to the International Convention of Disciples of Christ, including the amount shown in the column headed "Miscellaneous Missionary, Benevolent and Emergency Relief Offerings"; the amounts given to the Christian Church Widows and Orphans Home of Kentucky and the State Development funds in Kansas, Oklahoma and Missouri amount to \$5,505,779.36 against \$4,558,754.37 last year, an increase of \$947,024.99 or 20.77% as compared to an increase of 15.43% last year. Of this amount, \$565,485.52 was Emergency Million money raised in a special effort from individuals, which is not considered in figuring the average per capita giving.

For the 1,679,012 members of our churches in the United States and Canada, the total offering of \$5,505,779.36 is an average of \$3.28 per member against \$2.74 per member last year. For the 8,050 churches in the United States and Canada, the average per church is \$683.95 compared with \$569.70 last year, an increase of \$114.25. For the 5,691 *contributing* churches in the United States and Canada, the average per church this year is \$967.45 against an average of \$820.95 last year, an increase of \$146.50.

7. The total amount given by the churches in the United States and Canada, including gifts made by individuals, applying strictly on the *budgets* of the International Convention of Disciples of Christ, The United Christian Missionary Society, Pension Fund of Disciples of Christ, Board of Church Extension of Disciples of Christ, National Benevolent Association of the Christian Church, Association for the Promotion of Christian Unity, Board of Higher Education of Disciples of Christ, and the state and provincial missionary societies during the year ending June 30, 1943 and including also the miscellaneous missionary, benevolent and emergency relief offerings (consisting of offerings made to independent missions, Red Cross, American Bible Society, Federal Council of Churches of Christ in America, Community and War Funds, and to all other agencies or causes to which the church has contributed during the year, except organizations reporting to the International Convention of Disciples of Christ, which amounts have already been accounted for, but including amounts given to the Christian Church Widows and Orphans Home of Kentucky and the State Development funds in Kansas, Oklahoma and Missouri) is \$2,631,479.51 against \$2,127,060.70 last year, an increase of \$504,418.81. The total of \$2,631,479.51 given on *budgets* this year makes an average of \$326.89 per church in the United States and Canada against an average of \$265.82 per church last year. For the 5,691 *contributing* churches the average per church is \$462.39 against \$383.05 per church last year. The total of \$2,631,479.51 does not include the \$565,485.52 given by individuals to Emergency Million during the year ending June 30, 1943. These figures indicate an increase of \$504,418.81 as already indicated, or \$23.71 per church this year without taking into consideration Emergency Million money.

8. The number of churches and organizations therein making some offering to one or more of the organizations for which the Year Book makes report is 5,691 against 5,553 last year, a gain of 138, or 2.49%.

9. Based on offerings reported in the statistical tables in this Year Book made by churches and organizations therein to the national and state organizations including the *miscellaneous* missionary, benevolent and emergency re-

lief offerings, of the 5,691 churches and organizations therein making some offering, 630 or 11.07% gave \$1,000.00 or more compared with 487 or 8.77% last year, while 527 or 9.26% gave between \$500.00 and \$1,000.00 each against 444 or 8% last year; 1,857 churches or 32.63% gave from \$100.00 to \$500.00 each against 1,732 or 31.19% last year, while 2,677 or 47.04% gave less than \$100.00 each against 2,890 churches or 52.04% last year and 2,386 churches or 29.54% gave nothing whatever as compared with 2,480 churches or 30.87% last year.

10. East Dallas Church, Dallas, Texas, for the thirteenth consecutive year, heads the list of churches making the largest *total regular offering* (not including the miscellaneous missionary, benevolent and emergency relief offerings) to all organizations for which this Year Book makes report—namely, \$24,154.88 against \$19,815.90 last year, an increase of \$4,338.98.

11. In the list of 100 churches showing the *total offerings* of each church to all organizations (*including* the miscellaneous missionary, benevolent and emergency relief offerings) such offerings representing all contributions during the year ending June 30, 1943 as reported to the Year Book Publication Committee, East Dallas Church, Dallas, Texas, again heads such list with a total *resident* membership of 3,214 and a total offering of \$32,303.05 or an average per capita of \$10.05 per resident member. The record of this church in this list last year was \$28,832.95 with an average per resident member of \$9.32.

12. The Church School of East Dallas Church, Dallas, Texas, again stands at the head of the list of Church Schools in its giving for missions and benevolence to the causes for which this Year Book makes report with a total offering of \$6,996.41. Last year this same Church School headed this list with a total offering of \$5,913.61.

13. The missionary organizations of the East Dallas Church, Dallas, Texas, again head the list in making the largest offering among all missionary organizations with an offering of \$5,268.46 against a total offering last year of \$4,914.58, an increase for the year of \$353.88.

14. New Union Church, a rural church in Woodford County with post office at Versailles, Kentucky, with a resident membership of 30, leads the record for the year of the largest average gift per member based on total offerings including miscellaneous offerings with a total of \$1,566.50, an average per member of \$52.22. (Churches with estimated membership are not considered in arriving at the largest per capita giver.)

"Old Buttonwood"

The Presbyterian Ministers' Fund had its beginning as the "Fund for Pious Uses" in 1717. Its birthplace was "Old Buttonwood," the First Presbyterian Church of Philadelphia, erected in 1704. For more than 225 years the Fund has been dedicated to the service of ministers and their families.

THE FUND'S SERVICE has broadened since that humble beginning. It is now dedicated to the service of ministers, their wives and theological students of every Protestant denomination—in foreign fields as missionaries—in large and small congregations as pastors—in seminaries as students—and in the armed forces as Chaplains.

The United Christian Missionary Society

*“The heart of him that hath
understanding seeketh knowledge”*

Prov. 15:14.

THE LIBRARY

Maintains a collection of books, pamphlets, periodicals, and other publications on missions and Christian education.

Provides a reference and lending service for the staff at headquarters and in the field.

Sends out on long loan certain classes of books useful to colleges and universities having graduate schools of religion.

Lends books for a shorter period to teachers in our colleges who are offering special courses on missions.

It answers questions, within its scope, for institutions and individuals who need information not available in their local or state libraries.

SPECIAL NEEDS

The Library files of early year books, convention proceedings, periodicals, biographies, histories, and other early source materials are incomplete. If you know where such records may be secured, please write the Library at the address given below.
